

Gone for Good

Chickens may come home to roost, but it isn't that way with dollars. They never come home when turned loose, they are gone for good.

That's why we advise you to open an account with us and keep your dollars in our fire proof, burglar proof vaults, under lock and key, always safe but subject to your check. It's the safe, sane, modern way of handling funds. All our banking facilities are at your disposal. We will be glad to be of service to you. We are asking right now for the chance.

You Saw These Knockabout Suits and Polo Coats in Vogue

Suit 4020 has consistently chosen Scotch Tweed mixtures to express the simple lines of this Knockabout suit which the tailored lady is wearing. A contrasting color to face collar and cuffs and a tiny piping of the same color through the belt add a touch of smartness.

Suit 4030 (on the lady at the left) is of Irish Homespun, and assumes a decidedly mannish air through the cut of its collar, cuffs and pockets. And by means of two buttons on each side of the skirt it combines straightness of line with walking comfort.

And we want you to know that we carry these coats and suits with the Wooltex label that stands for "That Well Dressed Look" for each and every type.

And you know that is really the secret of being well dressed at all times. It is having just the right costume—right for your type and right for certain kinds of occasions.

Now come the Spring days and the call of the great out-of-doors when, for the greater part of each day, you will be needing a walk-

Wooltex
Tailor-mades

Designed and Tailored by
The H. Black Co.

It's just a bit of white satin embroidered in gold and black. But, neatly fastened inside the collar of your tailormade, it means that you'll wear the coat or suit with all the pride we take in signing it! Remember, no matter how much it "looks like" a Wooltex Tailormade, it just can't be without that Wooltex signature shown above!

"Meadowbrook." This is another smart Polo Coat. Large, square pockets, convertible collar with self stitching and a nice broad belt make it unusual. The shoulders are snug, the back straight with stitched seam down the centre. It is open in back from about six inches below the waist to the hem. In the same colors as the "Pinehurst."

"Pinehurst." It's of French Blue Angora Polo, this little sports coat. The Gray Angora Tuxedo facing conceals two little pockets, and those sharp little points over the hips are extremely smart. The cuff is "linked," the shoulders snug, and the back full. It comes in Squirrel, French Blue and Tan—the Tuxedo collar is of self or contrasting Angora.
