

The Difference

You have often heard words of praise for the busy bee. Ever hear anyone whooping it up for the yellow-jacket?

The reason the bees are praised and the wasp is "swatted" is because the bee is busy. A yellow-jacket can be just as busy as a bee. If you don't believe that just fool with one some time and see. It's the saving habit that makes the honey. If you have formed the saving habit, our bank is the place for your savings, for they are always secure with us, but subject to your check.

Tax Collectors Leave—

Deputy Tax Collectors D. A. Houston and G. V. Wimberly, who have been here assisting in the making out of tax returns left last night for Riddle and Glendale. Both gentlemen state that the business done here during the past year greatly exceeded that of the year previous. They also said that a great number of people made out the income report that had not done so before. According to the observations made by them, the business in the coast states has been increasing rapidly during the past year.

Would Eliminate Crossings—

Southern Pacific Agent Isham states that the railroad company will ask the county court for a change in the routing of the county road on the north side of the river just below Savage rapids so as to eliminate the two crossings in that vicinity. A bull was killed at one of the crossings this morning, and the killing of stock there is of frequent occurrence and Mr. Isham believes that the road could be changed so as to keep on the north side of the tracks, and eliminate both crossings without involving the rights of any of the property owners.
