

COOPERATION OF ALL SINGERS IS DESIRED

It will need the cooperation of all those who love to sing to make the chorus society a success. The time of the concert is only about a month away and the rehearsals from now on should be faithfully attended. We should have the hearty support of all the choir singers and in addition all who can take part in chorus singing. The rehearsals are set for Monday evenings at 8 o'clock at the Baptist church. Help yourself and your community by doing your part to make the Grants Pass chorus an unqualified success.

COMMITTEE.

ARMY TRUCKS TURNED OVER TO STATE USE

Washington, Mar. 13.—Approximately 24,000 motor vehicles intended for war purposes have been turned over to the department of agriculture by the war department for distribution among the state highway commissioners for use in road building, allotments being based on the amount of federal aid for roads which the states receive. Already 12,000 have been delivered to states and the remainder will be distributed as fast as railway cars can be secured for their transportation, which

will be probably two or three months. This equipment promises to be of great aid in carrying out the large road building program for 1920.

AUSTRALIA FORMALLY TAKES OVER FLOTILLA

London, Mar. 13.—The flotilla of six destroyers presented by the admiralty as a free gift to the Australian navy has just been taken over formally by the Australian high commissioner, Andrew Fisher, and is timed to arrive in Sydney on Anzac day, April 25. They are the Tattoo, Success, Taenania, Stalwart, Anzac and Swordeman.

Mr. Fisher states that these new vessels all of which have left the slips since the armistice, differ so greatly in design, armament, manoeuvring speed, and range from the destroyers already belonging to the Australian navy that if pitted against them not one of the earlier vessels could live for more than a minute or two.

Million Asked to Fight Cattle Disease.
Tuberculosis among cattle can be eradicated in many states within the next ten years through continued federal co-operation, John R. Mohler, chief of the bureau of animal industry, told the house agricultural committee. Owners of 300,000 cattle have asked the bureau to test their stock, but funds are lacking, he said. An appropriation of \$1,500,000 is asked.

FORTY IDEAL AGE FOR WOMEN

English Artist Sweeps Away Time—Honored Ideas Having to Do With Spinsterhood.

There is a flurry among English spinsters. A prominent artist has come to the conclusion that a girl of forty should be man's ideal. He sweeps away all the time-honored rubbish about spinsters, at the age of forty being mostly interested in cats and canaries. Here is what he has to say about the new old girl.

"The ideal age for a woman from the viewpoint of the man who studies the sex as an artist is forty years. The woman of forty is at the perfection of her beauty and has attained a settled mentality which she did not possess as a girl in her teens, or as a young woman in her twenties and thirties. At forty she is an ideal companion, pleasantly matured, tolerant and understanding. Only the ignoramuses in life find joy in the society of young girls or undeveloped women."

During the war and since many women of the so-called "sweet-and-forty" age got married, a considerable number of them widows. This has led to frequent lamentations by younger women that, with the huge number of unmarried beauties about, it is unpatriotic for Cupid to show such favoritism for widows and spinsters.

MONTANA MAN ASKS AERIAL ADVERTISING BE PROHIBITED

Butte, Mont., Mar. 13.—Mayor W. T. Stodden of Butte, has asked the city council for an ordinance controlling aerial distribution of advertising matter. There is no law

touching the matter at present, but to distribute paper on the streets is forbidden, where the result is to litter the streets.
