Big Attendance at Meetings

Evangelist Danning spoke to capacity audiences yesterday both morning and evening at the Church of Christ. In the morning theme he stressed the value of every member responsibility in the sermon on "Armour Bearer." In the evening he presented the second coming of Jesus as a distinct doctrine of the New Testament, stating that one out of every 25 verses in the New Testament bears directly or inferentially upon this subject. It is mentioned, he said, more times than any other doctrine in the New Testament. Saturday evening five came forward and three at the Sunday morning service. Five of these were baptized last evening. The theme tonight is, "Signs in the Political, Industrial and Social World."

MEASURE ITS COST IN YEARS, NOT DOLLARS

a purchase of a New Edison is a purchase of music. You must measure its cost not by what you pay for the instrument, but by the length of time you enjoy its music.

If you wait a year before buying, you lose a year of music. Buying next month means the loss of music for this month.
