

How Much Do You Earn?

HOW MUCH DO YOU SAVE?

Isn't it time you began to lay aside part of your earnings against the time when your future success may depend upon your having a little capital?

One dollar will open a savings account with this bank, and by making deposits regularly, you will soon have a neat sum.

Four per cent interest, credited every six months, will help the accumulation.

Ford

THE UNIVERSAL CAR

The Ford truck is just another arm and hand to the business man, adding through its manifold usefulness to the possible volume of his business, and at the same time doubling the value of every hour.

Another Hand for Business

In so many ways its all round utility serves the urgent demands of business—big and little—the retailer and wholesaler, the manufacturer and consumer, the contractor and farmer. Everywhere where business exists there is a present want for Ford trucks. Consider the price \$550, without body, f. o. b. Detroit. Let's talk it over with you.

C. L. Hobart Company

MACK PERFORMANCE COUNTS

Transportation is Essential to Business

The demand upon transportation will be greater during the New Year than ever before in history—not even excepting 1918.

Are you equipped to meet this demand? If you are not properly prepared there is no question but that you will handicap your industry.

Your competitors are awake. They have learned the advantages of highway transport as represented by the motor truck.

Mack Trucks The Solution

By equipping with MACK trucks you can safeguard your interests against possible stagnation. You will be independent of railroads.

Your trucks should be MACK because MACKS are of proven quality. The MACK of 1920 will be the same as the MACK of 1919, as the MACK of 1918 and previous years. You run no chance of the truck becoming antiquated. The MACK is in building up a standardized truck fleet. It insures your investments.

Macks are in six sizes.
