THE TREATY OF MEDFORD
The purported treaty of peace which certain interests have entered into with Roderick Macleay bears many of the ear marks of a certain other famous document which was drawn and which one Woodrow Wilson attempted to force down the throats of a people who had been ignored in its making.

WHO RULES THE ROGUE.
(Ashland Tidings)
After years of agitation and legislative juggling it now look as though the Rogue river fish controversy would be settled by agreement between the canners at the mouth of the Rogue and the Jackson County Fish and Game association.

Brewing Tea in Tibet.
It is in Tibet that the art of making tea is really understood. To begin with, the tea comes in bricks, fetched by caravan from China. Mixed with the tea leaves are usually a few small twigs, which help to prove that it is genuine stuff.

Still More Suits For Easter
Just received another shipment of men's suits today. They come in a good hard finished worsted and the much wanted color, brown. All sizes.

ever, and give Roderick Macleay full right and title to all the salmon of the stream.

The outcome will be that there will be no change in the present situation. The reforms that had been hoped for have been defeated by the one-sided agreement for no legislature will enact the agreement into law.

Where Macleay shines in the agreement is in the fact that the document is to be nullified if any condition arises which would prevent the carrying out of certain features of the agreement, and he well knows that such a condition will arise in a matter which does not give to all the people a right and a voice in its settlement.

English Judges' Robes.
There is as much difference in the gowns worn by British legal lights as there is in their wigs. The robes of a high court judge are gorgeous and imposing.

Surprise Pear Japan Root

This is the blight resistant stock recommended by Prof. Reimer of the Southern Oregon Experiment Station and so much in use by large planters.

Plant the Surprise, topwork it to Bartlett, Anjou or whatever variety you wish and you have a trunk that has proven itself immune from blight.

We have had a big demand for this stock, but fortunately still have a few first class trees to offer. Scions were secured direct from Prof. Reimer.

For other dependable nursery stock, as well, write WASHINGTON NURSERY CO. Toppenish, Wash.

We admit that we're aspiring. To be called to do your wiring.

As expert electricians we're elected by the general public. They have found out that we know all about this vital labor saving, comforting illuminating force.

Ford
THE UNIVERSAL CAR
The Ford truck is just another arm and hand to the business man, adding through its manifold usefulness to the possible volume of his business, and at the same time doubling the value of every hour. In so many ways its all round utility serves the urgent demands of business—big and little—the retailer and wholesaler, the manufacturer and consumer, the contractor and farmer. Everywhere where business exists there is a present want for Ford trucks. Consider the price \$550, without body, f. o. b. Detroit. Let's talk it over with you.

CHAMBERLAIN'S TABLETS
This is just what you need, madam. Many women who were troubled with indigestion, a sallow, muddy skin, indicating biliousness and habitual constipation, have been permanently cured by the use of Chamberlain's Tablets. Before using these tablets they felt miserable and despondent. Now they are cheerful and happy and relish their meals. Try them. They only cost a quarter.
