

Saving Develops Manhood And Strength of Character

Money saved and banked is an evidence of your stability, thriftfulness and foresight.

Without money, you cannot accomplish much. It is a handicap that invites mental and physical depression.

The First National Bank wants your savings account and will help you in your determination to forge ahead—to overcome your proneness to wastefulness.

W. J. YOUNG and FAMILY.
MR. and MRS. W. C. WHITE.

COMING EVENTS

Apr. 16, Friday—Discussion of measures by Josephine County Legislative club for Women.

Candidate cards—Courier office.

When Ford Meets Nash—

When a Ford meets a Nash, it seems to have the effect of an elephant stepping on a mouse. This was the result yesterday when a Ford from Medford swung into the road too soon after passing the Nash car driven by J. L. Schwenk, of this city. The Ford was turned over on its side by the hub catching in one of the wire spokes of the larger car, but none of the occupants were hurt. The car was later brought into this city.

A FEW CARS TO SELL OR TRADE

**A Well Prepared Seed Bed
Produces Bigger Crops**

When you can make a better seed bed simply by using a disc harrow that does better work, pulls lighter, and lasts longer, why not do it? We can show you just such an implement—one that can be adjusted instantly to penetrate and pulverize the soil thoroughly its entire width in dead furrows, hard and soft ground, and over ridges, as well as on level land.

Next Saturday, or the first time you are in town, drop in and look at the John Deere Model "B" Disc Harrow which we have set up. Get on the seat and operate the levers. Notice that there is a lever for

angling each gang backward or forward so as to make the pull on the horses just right when part of the harrow is working in soft ground and part in hard ground.

And remember to ask us about the third lever. That is the feature you will appreciate because it enables you to raise or lower the inner ends of both gangs so as to make the harrow penetrate at the same depth its entire width in dead furrows or over ridges.

We want you to notice also the neat, substantial construction of this harrow. You will readily understand why it lasts longer.
