In the Spring Time

Any fool knows enough to carry an umbrella when it rains, but

the wise man is he who carries one when it is only cloudy. Any man will send for a doctor when he gets bedfast, but the wiser one is he who adopts proper measures before his ills become serious. During a hard winter or the following spring one feels run-down, tired out, weak and nervous. Probably you have suffered from a cold, the Grip or flu, which has left you thin, weak and pale. This is the time to put your system in order. It is time for house-cleaning.

A good, old-fashioned alternative and temperance tonic is one made of wild roots and barks, without the use of alcohol, and called Dr. Pierce's Golden Medical Discovery, in tablet or liquid form. This is nature's tonic, which restores the tone of the stomach, activity of the liver and steadiness to the nerves, strengthening the whole system. First put up by Dr. Pierce over 50 years ago, now procurable at any drug store; or send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

Glee Club Arrives—

The University of Oregon Girl's Glee club arrived this afternoon for the concert at the opera house tonight. They gave a number of selections at the high school this afternoon and those hearing them said that the girls were exceptionally good. The seat sale has been progressing and a good audience is assured tonight. They will give a program new to this city as it consists of a number of college skits and some novelty numbers. The girls come here well recommended by other communities which they have visited on their trip.

KANSAS HANGS FIRST MAN IN FIFTY YEARS

Leavenworth, Kan., April 1.—Robert P. Stroud, of Juneau, Alaska, will be the first man legally hanged in Kansas in almost 50 years unless President Wilson saves him by exercise of executive clemency.

The last legal hanging in this state took place in 1870 and the death penalty was abolished in Kansas in 1907; but Stroud was tried and convicted in federal courts for a murder committed in the federal penitentiary here and sentenced under federal law to be hanged.

Another unusual feature of the case is the fact that he would have escaped with life imprisonment if he had not insisted upon a third trial which resulted in a death sentence. If it is carried out he will be the first man to be executed in Leavenworth prison.

Stroud was serving a 12 year sentence in the penitentiary for the killing of a man in Alaska in a quarrel over a dance hall girl, when in 1916 he attacked Andrew E. Turner, a prison guard, and stabbed him to death with a dagger which he had made from a table knife, and carried in a concealed pocket in his coat. Stroud asserted subsequently that Turner had called him a name.

For this killing Stroud had three trials. In the first he was found guilty of murder and sentenced to death, but the court of appeals remanded the case on the ground that the trial judge had failed to inform the jury of its privilege of bringing in a "qualified verdict" limiting his punishment to life imprisonment. In the second trial the jury availed itself of this legal provision and sentenced him for life. Stroud's lawyers felt that they had gained a victory, but at the prisoner's insistence the case was again appealed, and at his third trial Stroud was once more found guilty and sentenced to death. The case was carried to the United States supreme court which affirmed the sentence.

Stroud has been aided by his mother, Mrs. Elizabeth Stroud, who came from Alaska in an effort to save his life. She appealed to President Wilson to commute the death sentence.

HAWAIIAN STRIKE TO BE FOUGHT TO FINISH

Honolulu, April 1.—Employing college and school boys as strike-breakers on the sugar plantations of the island of Oahu, where Japanese and Filipinos have been on strike since January 19, was denounced by George O. Hilton at a recent meeting of the central labor council.

The federation of Japanese labor declares it has no notion of ordering its members back to work, although stating that it is ready to open wage negotiations with the planters.

The Planters' association declares it will fight the strike to a finish. Planters' reports indicate that upwards of 1800 strikebreakers are at work on Oahu and that about 2000 of the original 2600 striking Filipinos have returned to their jobs.

Scattered lots of Japanese also are said to have resumed their work in the canefields, but so far the great majority of the approximately 6,000 Japanese strikers have remained out.

FEDERAL DOUBLE CABLE BASE TIRES

They Give More Miles

FEDERALS are not only better equipped to stand punishment from the road but also from the rim.

The exclusive Double-Cable-Base feature frees Federal Tires from internal rim troubles.

Four twisted steel cables hold Federal Tires firmly on the rims keep them from shifting, rocking, blowing off or the toe bead pinching the tube.

This prevents rim cuts and blow outs just above the rim. Thousands of Federal users are proving this every day.

Federals could be economizing for you, but not unless you have them on your car. Let us tell you more about Federal Tires and why they save money.
