Transforming Human Face.

On January 22, 1889, one Gilbert, a parlor singer in Paris, told of a physician whose specialty was the massage of women's faces. He obtained astonishing results, refashioning a face deformed by blot or fat, restoring the lost oval. This benefactor of women also destroyed wrinkles; even triumphed over crow's feet. Whereupon a listener made the remark with the air of a deep thinker that the face is the notebook of our griefs, excesses, pleasures; that each one of them writes its mark. This is not always true. Because a man had a flaming red nose, it was not a sign that he was a constant and two-handed drinker of strong waters. We speak also of the past.

FEDERAL DOUBLE CABLE BASE TIRES

They Give More Miles

FEDERALS are not only better equipped to stand punishment from the road but also from the rim.

The exclusive Double-Cable-Base feature frees Federal Tires from internal rim troubles.

Four twisted steel cables hold Federal Tires firmly on the rim; keep them from shifting, rocking, blowing off or the toe bead pinching the tube.

This prevents rim cuts and blow outs just above the rim.

Thousands of Federal users are proving this every day.

Federals could be economizing for you, but not unless you have them on your car. Let us tell you more about Federal Tires and why they save money.
