CALIFORNIA TO SAVE THEIR WILD FLOWERS

San Francisco, Apr. 17.—A conference here April 22 of nature guides, members of out-of-door organizations, hiking clubs, Audubon associations, and others has been called by Mrs. Bertha M. Rice, president of the National Wild Flower Conservation League, to plan for better protection of the native flora. The matter will be brought before the California legislature next January.

Many varieties of the rarest and most beautiful wild plants have been completely exterminated in some localities and are threatened with extinction in others, it is said. As a result of efforts—directed by the Wild Flower Conservation league—action was taken by many local magistrates and by the supervisors of several counties, prohibiting the wanton destruction of these beautiful trees; in many instances imposing fines and in some cases jail sentences.

Chief among those who will participate at the conference will be: Dr. Harold C. Bryant of the University of California, who will discuss nature guiding in the Yosemite National Park; and Miss Elizabeth F. Burnell, A. M., official nature guide of the Rocky Mountain National park. Dr. Frederick W. D'Evelyn, president of the Audubon association of the Pacific will discuss native flora in its relation to our wild birds.

The fine steels in a MAXWELL stir your enthusiasm

Ride in a Maxwell and your enthusiasm is stirred for this commendable car.

You attempt to search for the cause and you find it in the steels used in the Maxwell. Those fine steels that give rare strength.

Such steels take the burden of dragging around useless weight from the engine, providing brilliant performance.

Pound for pound the steels in a Maxwell equal those in any car built.

The Maxwell construction, employing these fine steels, results in a light-weight car, that gives not only brilliant performance, but the rare combination of durability, economy and comfort.

Today nearly 400,000 Maxwells may be seen on the world's highways. 100,000 more are in process of construction.

Still this will supply but 60% of those who have set their minds on a Maxwell for 1920.

Collins Auto Co.

NOTICE

NOTICE IS HEREBY GIVEN, that the county court of Josephine county, Oregon, will consider bids for the construction of one-half mile of road at Gething Hill on the main road leading from Grants Pass via Murphy to Williams, according to the specifications and profile on file in the office of the state highway engineer at the courthouse.

There is approximately 2850 cubic yards of excavation, and 1200 cubic yards of overhaul.

All bids must be filed on or before 10 o'clock a. m. of the 24th day of April, 1920, and a certified check of 5 per cent of the amount of the bid must accompany the same, made payable to E. L. Coburn, County Clerk.

The court reserves the right to reject any or all bids, or award the contract according to the best interest of the County.

By order of the County Court of Josephine County, Oregon.

E. L. COBURN, County Clerk.
