 By R. C. Washburn, Pres.
 G. B. Dean, Secretary.
 Dated Medford, Oregon, April 17, 1920. 4-19-5Mon.

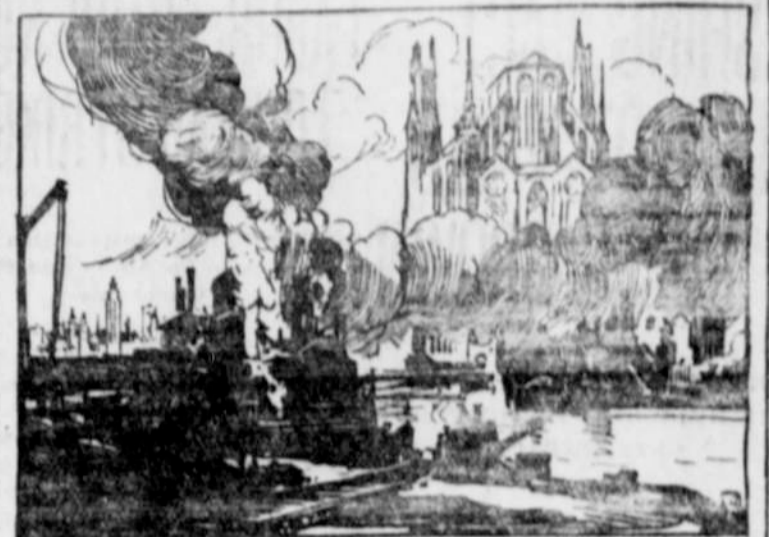

Grinds Knives on Sewing Machine.
 A sewing machine may easily be turned into an emery wheel with which the housewife may sharpen knives and smooth off the damaged points of needles. Get a strip of half-inch adhesive tape, just long enough to reach around the hand wheel of the machine, and press it firmly to the metal rim, adhesive side inward. Now get a strip of fine emery cloth, the same width as the tape, and glue it firmly to the tape. Then wind the wheel all around with a strip of cotton cloth or muslin to hold the emery cloth in place until the glue is dry, which will take a day or two. When the emery cloth is worn out another may be glued over it.

A WORLD REBUILT

By the Golden Rule not by the rule of Gold

THIRTY denominations of the Church are uniting in a simultaneous campaign in the week of April 25th-May 2nd.

They are uniting because the task before the Church is too great for any one denomination; because there must be no duplication of effort; no waste.

These churches know that the world needs many things; but it needs Faith most of all.

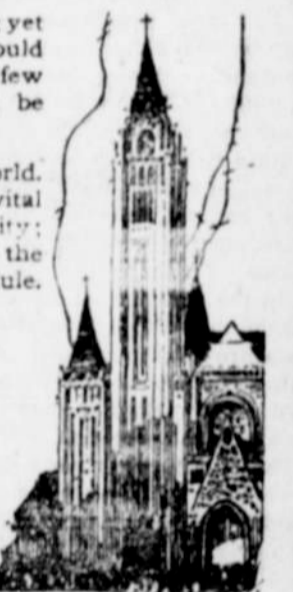

They know that there can be no final solution of our economic problems that is not a spiritual solution, based on the teachings of Jesus Christ and His Golden Rule.

They have had the courage to survey the whole task, and to ask for a budget large enough to sustain (1) the work abroad, (2) the work at home including the church's part in the huge task of Americanization, (3) the colleges and (4) hospitals supported by the Churches, (5) the religious training of the young, and to provide (6) a living wage for the Church's ministers.

The budget is large in the aggregate; yet if each person who loves America would increase his contribution by only a few dollars the whole amount would be easily subscribed.

We face the task of rebuilding the world. Let the cornerstone be a strong and vital church in every American community; and the measuring rod by which the builders build must be the Golden Rule.

United Financial Campaign

FEDERAL DOUBLE CABLE BASE TIRES

They Give More Miles

FEDERALS are not only better equipped to stand punishment from the road but also from the rim.

The exclusive Double-Cable-Base feature frees Federal Tires from internal rim troubles.

Four twisted steel cables hold Federal Tires firmly on the rim; keep them from shifting, rocking, blowing off or the toe bead pinching the tube.

This prevents rim cuts and blow outs just above the rim.

Thousands of Federal users are proving this every day.

Federals could be economizing for you, but not unless you have them on your car. Let us tell you more about Federal Tires and why they save money.
