## DOUBLE CABLE BASE TIRES

### They Give More Miles

FEDERALS are not only better equipped to stand punishment from the road but also from the rim.

The exclusive Double-Cable-Base feature frees Federal Tires from internal rim troubles.

Four twisted steel cables hold Federal Tires firmly on the rim; keep them from shifting, rocking, blowing off or the toe bead pinching the tube.

This prevents rim cuts and blow outs just above the rim.

Thousands of Federal users are proving this every day.

Federals could be economizing for you, but not unless you have them on your car. Let us tell you more about Federal Tires and why they save money.
