O. A. C. CADETS MARCH IN ANNUAL REVIEW

Oregon Agricultural College, Corvallis, May 6.—The clock-like precision with which members of the various R. O. T. C. units at the college went through elaborate drills at the annual inspection which started at noon Tuesday and was continued throughout Wednesday, was indicative of efficient training of war department officers. Major Joseph K. Partello, commandant, together with other army officers, exerted every possible effort in getting the men into shape for the inspection of officers from Washington, D. C.—Colonel Frank J. Morrow, Major James McKinley and Captain Elvid Hunt.

Many favorable comments were made on the work of the college men and it is confidently believed by those who saw them at work that the college will again be placed among the "distinguished institutions." Tactical work and target practice were in order Wednesday morning and in the afternoon a parade of all units through Corvallis was a feature. The inspection officers have left Corvallis for Seattle, where a similar inspection of the University of Washington R. O. T. C. will be conducted.

J. H. Keith went to Roseburg this morning to spend several days on business.

ELECTION, MAY 21 STATE ROADS

Vote 302 X Yes For 4% State Road Bond Limit

BALLOT TITLE IS AS FOLLOWS:
302 X Yes
303 No
CONSTITUTIONAL AMENDMENT—Referred to the people by the Legislative Assembly.
LIMITATION OF FOUR PER CENT STATE INDEBTEDNESS FOR PERMANENT ROADS.—Purpose: To amend Section 7 of Article XI of the Constitution of the State of Oregon so as to permit the creation of debts and liabilities including previous debts and liabilities for the purpose of building and maintaining permanent roads to the amount of four per cent of the assessed valuation of all the property in the State of Oregon, instead of two per cent as now provided by law.

NO PROPERTY TAX—NO DIRECT TAX NO INCREASE IN AUTO LICENSE FEES NO INCREASE OF GASOLINE TAX

Keep these three facts in mind. The present auto license fees and gasoline tax will pay both the principal and interest on all the bonds under this amendment, and will yield an annual surplus besides for other state highway work. No additional taxation of any kind.

FEDERAL FUNDS MUST BE MATCHED

Oregon must have sufficient Highway Funds to match Federal apportionments or Oregon cannot get the benefit of Federal money for Oregon Roads. Increasing this constitutional limit is a necessity. Unless limit is increased, either state roads cannot be completed for many, many years, or must be finished by direct property taxation. This measure averts direct property tax for state highways and makes early completion possible. Let's get the roads built now.

Income from Present Sources Sufficient to Pay Principal and Interest.

The fact that revenues from auto license fees and gasoline tax, without increase of present rates, will be ample to pay both principal and interest on these bonds, is clearly set forth by official figures in the State Pamphlet, mailed to every registered voter. Refer to State Pamphlet for verification. Examine the table carefully. It proves that no property tax is required and that present rates for auto license fees and gas tax will redeem principal and interest and yield surplus besides.

For Interest Tables, Pamphlets or further information, write to OREGON ROADS AND DEVELOPMENT ASSOCIATION
