The Tube

How Firestone Is Able to Produce the Finest Laminated Inner Tube and Still Hold to a Moderate Price

Firestone Man Power: Firestone has gathered together a remarkable body of workers, 17,000 strong — many of them stockholders in the Company. Men financially interested in the success of their product do better work.

Firestone Buying Power: Firestone has established purchasing headquarters at Singapore in the Straits Settlement where 85% of the world's rubber is produced. Thus Firestone gets first choice of the raw product at quantity prices. And this saving is turned back to car owners.

Firestone Selling Power — Firestone's immense production requires a wide-spread distribution system. Sixty-five branches and 46,000 dealers throughout the United States selling Firestone Tubes assure a fast-moving product, which means fresh stock at all times — most miles per dollar in tubes as well as tires.

Firestone

Strong Women
BY DR. VALENTINE MOTT.

Women and men too — are just as strong and healthy as their blood. Vigor and health come with good blood. Without good red blood a woman has a weak heart and poor nerves.

In the spring is the best time to take stock of one's condition. If the blood is thin and watery, face pale or pimply, if one is tired and listless, generally weak, a Spring Tonic should be taken. An old-fashioned herbal remedy that was used by nearly everybody 50 years ago is still safe and sane because it contains no alcohol or narcotic. It is made of roots and herbs and called Dr. Pierce's Golden Medical Discovery. If druggists do not keep it in tablet form, send 60 cents for a vial to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y.

KEEP BEES!
If you own an orchard you must have bees as they are the only dependable pollenizing agents.

You can keep bees anywhere that they can forage within a mile — they require but little attention and will often render you a splendid profit. We can start you right and save you unnecessary work and expense.

Our Bee Supply Catalog lists everything necessary for the successful production of honey; tells how to care for and handle bees.
