Right Refrigeration Keeps Your Food Fresh, Cool and Tasty

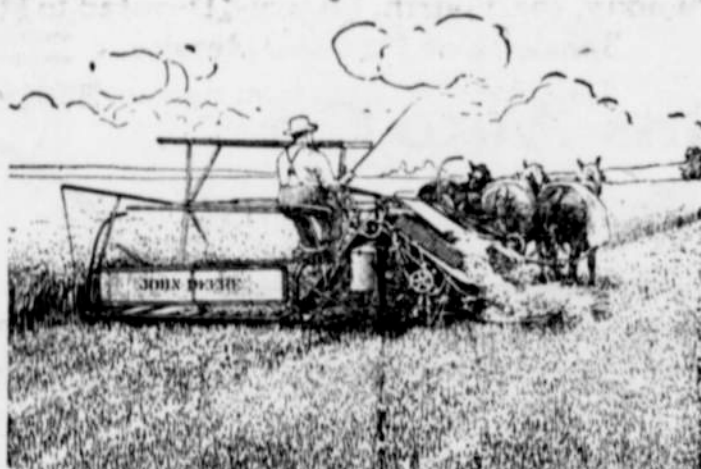

THERE'S more to good refrigeration than the food and ice you save. Food that is kept fresh is most appetizing and nourishing, especially in hot weather.

We have the right kind of Refrigerators, in various attractive styles and sizes. Also Freezers correctly designed for making ice cream properly.

Come in today and see our display of these and other hot-weather utilities.

We Have a Better Grain Binder for You

The next time you are in town, come in and look over the John Deere Binder. It's a machine that will give you extra years of service at less cost for repairs, and will do better work under abnormal field and weather conditions than other binders.

We want to show you many points about this machine not found in other binders that you will recognize as extra value.

Stronger wheels, heavier frame, reinforced platform, self-aligned bearings, roller bearings, three packers instead of two, hardened wearing surfaces on knotters, ground and polished packer shaft bearing and quick turn tongue truck are a few of the many points about this binder that make it serviceable, light draft and economical to operate.

You will appreciate what binder satisfaction truly is when you get a John Deere into your harvest fields.

Come In and See this Better Binder

Airplane Starts North—

After an unsuccessful try at bucking the wind and air pockets at the aviation field yesterday, the two aviators called all bets off and refused to take up passengers. A strong breeze was blowing and it made the currents such that the plane was almost uncontrollable. They made a flight last night at about 5 o'clock and had a hard time getting to a

height that was not dangerous. Several times it looked to the spectators that the airplane was sure to come down. When the men got back and were on land again they refused to make any more flights here. They said that it would be safe with a larger machine but their small one was not powerful enough to buck the currents. They made an early start this morning for Portland.

PERSONAL AND LOCAL

House Is Sold—

G. W. Thomas, of Bridal Veil, Ore., has sold his two acre property and bungalow at 805 North Tenth street to Wm. L. Schroeder, of this city. The sale was made by Isaac Best.

Car of Roofing—

And building paper just received. Grants Pass Hardware Co. 09

Commercial Fishing Fair—

A few boats are still making nightly runs down the river netting salmon, and although they are not making any extra large catches, they are still bringing in a few good salmon. The total catch is anywhere from 300 to 1000 pounds a night.

Prices Right—

Wonderful showing of muslin underwear at the right price. The Golden Rule. 08

Floats Are Ready—

The diving floats were placed in the river yesterday opposite the bathhouse. A runway is being made so that the swimmers can make the plunge into deep water from the shore. The water reached 68 degrees the first of the week but has fallen a little in temperature during the cooler weather. A number of swimmers have braved the winds and report that the water is fine. It is about the same depth as last year.

Mrs. Myers will be at the bathhouse until dark whenever the weather is warm or if there are bathers in swimming. Prices are not advanced from last year as the bathhouse was built for the use of the public and there is no desire to make more than expenses. Twenty new suits have

been purchased and will be rented to people wanting them.

Nash Touring Cars Soon—

A car load of Nash cars is expected soon. Place orders now. A few Chevrolet are in stock. Maxwell & Co. 10
