INDIAN SLAVES CRY TO PARTY FOR HELP

Mexico City, July 2.—Twelve million Indians, who have slaved for five cents a day for five years at a time to support 3,000,000 idlers, cry out for help to the newly formed National Agrarian party, according to El Heraldo de Mexico.

"Since childhood I have lived the life of the peasants," said Ibanes. "I know how much the toilers of the field have suffered, how much they need and how much they merit. They have spent five years at a time earning the miserable daily wage of ten centavos (five cents) tilling the earth with the sweat of their brow for other people's profit. In the beginning of our history as a people the Indians were reduced to worse than nothing by the Spanish agents, who, to enslave them, inculcated in them fanaticism for the Virgin of Guadalupe, so as to be able to do anything they pleased with them later, by invoking this name, and the Indian was reduced to slavery."

"For this reason the Indian hates the white man. The Indians, who call the animal that roams the fields 'cuanahucoyote,' simply call the white man 'coyote,' that is thief. This because for a long time there have been in Mexico 12,000,000 Indians who have supported 3,000,000 idlers and not a few Europeans who also live off of them."

Bitter attacks on President Carranza and some of his followers featured the address of the newly-elected president Antonio Diaz Sotoy Gama, who said that Emiliano Zapata was his "only chief."

Sotoy Gama pledged the party's support to the presidential candidacy of General Alvaro Obregon because of his "radicalism," and because he is feared by the reactionaries.

Generals Alvaro Obregon, Salvador Alvarado, Plutarco Elias Calles, Antonio I. Villarreal and Gildardo Magana were elected honorary presidents of the new party.

FRENCH BLUEBEARD SHOCKED BY NEWS

Paris, July 2.—Landru, the Gambais bluebeard as the police call him, who has been in La Sante prison for 14 months awaiting trial on murder charges growing out of the disappearance of 11 women to whom he is alleged to have promised marriage, received what he told his lawyer to be the greatest shock of his life a few days ago.

His lawyer had just informed him that his villa at Gambais where Landru is accused by the police of having done away with his numerous fiancées had been ransacked and pillaged by burglars. The villa is famous as it was the last place that the missing women entered and from it they were never seen to come out.

The police charge that Landru murdered his victims in the villa, disposing of the bodies by cremating them in a little kitchen stove. Human bones, hair and little trinkets belonging to the missing women were also found in the villa, the police say.

"What a world we live in," exclaimed Landru, when his lawyer broke the news to him. "Our generation respects nothing, nothing is sacred to them. It is enough to make one despair of the human race."

Water Affects Teeth.

Scientific investigation discloses the fact that where "hard" water is used for drinking, good teeth are the general result. "Hard" water contains a large amount of lime which enters largely into the composition of teeth.
