Many Attend Concert—

The band concert at Riverside park last night was the best attended of any that have been given this year. The park was crowded, automobiles being packed in two lines all around the roadway. The people showed their appreciation of the selections by encoring the band repeatedly. Bandmaster Walker was very enthusiastic over the reception given the band last night. He requests, however, that the audience cooperate as much as possible to prevent disturbances. He says that one lady when requested to shut down her engine refused to comply with the request and that this was a very disturbing element. The police will help next time to keep the noise at a minimum.
