

The New Demands of Peace--

Before us is a period of business revival and prodigious activity—also of keen competition. The organization which enabled the banks of the nation to finance the war will insure the solution of the problems of peace financing. This bank is a member of that organization.

Danced Last Night—

A large number of town people were at the Rogue valley grange dance in the grange hall last night. The dances at the hall are very popular with most of the people here and the attendance last night was chiefly from Grants Pass. Everybody was there and everybody knew everybody else so the dance went full tilt till past midnight. The Neilson orchestra furnished the music for the evening.

They had been over the Columbia highway and even that was paled by the highway to the lake, the visitors being strongly impressed by the scenic attractions along the road to Crater Lake.
