OREGON WEATHER

Weather for the Week
Pacific Coast States: Generally fair except occasional light rain on northern coast.
Tonight and Thursday unsettled. Thunderstorms in the mountains. Moderate westerly winds.

The big fire in Medford the other night brought forth some startling information. Reports say that 300 families had their household goods stored in the burned warehouse. Probably part of the 40 per cent of the population that moved out in the last 10 years. Medford is on the "move" all right. They say so themselves.

Essential industry first and pleasure riding afterward is the way the Standard Oil company handles the situation. If there is only sufficient gasoline for one or the other, the joy riders should at least be willing to help the farmers and business men by cutting down on their riding.

They are COMFORTABLE for bathing—more comfortable than no corsets at all, because of their firm support, and because of the satisfactory sensation of looking well that Warner's Corsets always give you. Let us show you your style today!
