Engineer Fertig and Secretary Allen, of the Grants Pass Irrigation district and County Agent Miller made a trip to the Deer Creek valley today to inspect a reservoir site there to hold water for irrigation purposes. Chas. A. Vorberg, of San Mateo, California, thinks that Crescent City will some day be a real summer resort. He has traveled all through the various pleasure resorts of the west and has yet found nothing that will compare with northern California and Southern Oregon. Mr. Vorberg says that the climate at Crescent City is just cool enough to appeal to the people from all climates. The California beaches, he says, are too cold to become real popular.
