Medford Has Gasoline—

Medford is apparently not suffering from any lack of gasoline. Local people have been getting all the gas they wanted by going to Medford and getting their tanks filled. Some are taking extra cans and get them filled as well as their tanks. Local dealers have been expecting some relief for the past week but the much looked for car of gasoline of the automotive association has not yet showed up. The Standard Oil company does not offer any hope of relief before August 6th.

Petitions Are Circulated—

The committee from Jerome Prairie, composed of Messrs. Wylberg, Neill and Moore, is out today getting the signatures of the land owners to the petitions asking for the inclusion of the district in the Grants Pass Irrigation district. No opposition so far has been found to the plan, the land owners being unanimously in favor of the inclusion. It is hoped to have the petition ready for action by the directors of the Grants Pass district at their regular meeting next Tuesday.
