**Goodyear Tires for Small Cars Are Popular Because Economical**

There is nothing but disappointment in buying cheaply made tires that are announced as wonderful bargains at a few dollars each and then fail after brief terms of service.

Get exceptional mileage at exceedingly low cost in Goodyear Tires, of the 30x3-, 30x3 1/2- and 31x4-inch sizes, built of Goodyear-selected materials and with Goodyear skill and care.

Due to their precise manufacture in the world's largest tire factory devoted to these sizes, their quality is most economically produced and therefore most economically employed.

If you own a Ford, Chevrolet, Maxwell, Dort or other car taking these sizes, go to your nearest Service Station for Goodyear Tires; ride farther and fare better.

30 x 3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread	\$23.50	Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3 1/2 size in waterproof bag	\$4.50
30 x 3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread	\$21.50
