RIOTS IN IRISH TOWNS RESULT OF REPRISALS

SHOOTING OF POLICE INSPECTOR SUNDAY BRINGS DESTRUCTION OF BUILDINGS

BELFAST FACTIONS COLLIDE

Sinn Feiners and Unionists Meet. Shooting and Stone Throwing Take Place

Lisburne, Ireland, Aug. 24.—The burning of nationalist property here was continued until after midnight last night. Among the buildings destroyed was the Catholic parochial hall. Virtually all nationalists have left town in the face of loyalist reprisals for the murder of Police Inspector Sweeney last Sunday.

Belfast, Aug. 24.—Rioting was renewed here last night, the most menacing disorder being a collision between unionists, and Sinn Feiners. Shooting and stone throwing taking place.

Directors Eat Melons

The board of directors of the local Chamber of Commerce are stronger boosters for Southern Oregon than ever before. Today they had a meeting of the board in the Allen watermelon patch across the bridge. As soon as it was found that Director Allen had a patch of melons, President Bramwell called a special meeting of the board. It has not been reported how much business was transacted at the meeting but it is known that a large number of watermelons and cantaloupes were totally demolished. Now they all say that the Rogue valley melon can't be beat. They also went to the auto park and found out the necessities of the place in order to make it a first-class auto camp. It is probable that the board will have a large number of meetings during the melon season.

Funeral Services Thursday

Funeral services of George E. Lundburg, who died unexpectedly yesterday, will be held Thursday afternoon at 3 o'clock at the Newman M. E. church. Rev. Knotts and the Masonic orders will have charge of the services. Further details will be given later.

INCREASED APPROPRIATIONS ASKED TO ENABLE DEPORTATION OF ALIENS

New York, Aug. 24.—Increased appropriations to enable the United States Immigration authorities to deport aliens in whom insanity is discovered, was urged here today by Dr. Spencer L. Dawes, medical examiner of the New York State Hospital commission.

Dr. Dawes declared that although 290 insane aliens were deported during the last fiscal year, there are still a great number in the state who might be deported if funds were available thus cutting down an item of expense which is second only to education in New York. Dr. Dawes said that there are 39,000 insane persons in state institutions who cost the people annually \$11,500,000.

Of the 290 aliens deported for insanity last year 147 were sent to their home countries in the usual way by the federal authorities, while 143 were "repatriated" by the state with the permission of relatives or guardians of the patients. Explaining this process of "repatriation," Dr. Dawes said:

"After securing the consent of relatives to 'repatriate,' we arrange for passports to his or her home country and then give the insane person clothes, toilet articles and a new

HARDING WOULD GIVE ALL CHANCE

In Address to Actors and Actresses "One Lead" in Nation Scored By Nominee

Marion, Aug. 24.—The plea that the nation get away from the "one lead" activities so that each citizen can play his part in the development of the American democracy was made today by Senator Harding in an address to a delegation of actors and actresses representing the Harding-Coolidge theatrical league.

L. L. Carter left last night for Portland where he will spend the next week visiting with his mother.

ATTENDANCE ON FARM BUREAU TRIP LARGE

Between 40 and 50 farm people made the trip with the Farm Bureau auto trip through Josephine and Jackson counties last week end. Professor W. L. Powers, of the O. A. C., and Director Jardine of the experiment station came down from Corvallis to make the trip with the farmers. The trip was not only instructive but was interesting.

The first stop was made at the Lathrop ranch, where the thoroughbred Ayresshire cattle were exhibited. A visit was made to the C. H. Elsmann pear and apple orchard and then the party continued to the Hammerbacher poultry farm where the very latest methods of poultry raising were demonstrated. The registered Jerseys at the K. M. C. Neill and C. F. Lovelace ranches at Wilderville were inspected by the party. A stop was made at Riverbanks, where everybody had lunch. After lunch the Riverbanks' Berkshire hogs and Guernsey cattle were shown.

The first stop after lunch was at the Ed L. Schmidt ranch on the Rogue. The registered Jersey cattle and Duroc-Jersey hogs here were last of the Josephine stock to be seen. The gatus went from the Schmidt ranch to the Del Rio orchard in Jackson and then to the Kirkland orchard. The day was topped off with a visit to the Modoc orchards.

Saturday morning the Rogue River Canal company's herd of registered Shorthorns were visited. The packing plants of Jackson county were also on the schedule for the morning. The afternoon was completed with a trip to the Southern Oregon experiment station and to several Jackson county Jersey farms.

Messrs. J. C. Smith, M. Williams and Hanseth, of Deer Creek, purchased a thoroughbred Shorthorn bull on the trip.

autocare for the return trip. Under escort or guard, we send the patient all the way and see that he or she is safely delivered to relatives or friends on the other side.

"Last year the state of New York appropriated \$40,000 for this purpose alone."

Dr. Dawes said that in addition a great deal of time and money was devoted to returning insane persons to other states in which they are residents, whether citizens or aliens.

"With the exception of Connecticut," he said, "we have no difficulty in getting other states to take back their insane. We have written agreements with Massachusetts, Ohio, Illinois, Wisconsin, Iowa, Washington and several others. Not infrequently we send parties of insane persons across the continent to the Pacific coast."

The law provides that insane aliens may be deported at any time provided that legal processes are instituted within five years of their landing here. As New York is the greatest port of entry, Dr. Dawes said, this state becomes the dumping ground for thousands of these people who must be taken care of at public expense until they can be deported.

SUFFRAGE IS CERTIFIED BY GOV. ROBERTS

SECRETARY OF STATE COLBY IS INFORMED OF TENNESSEE RATIFICATION

STATE COURT TO REVIEW CASE

Proceedings Are to Be Put Before State Supreme Court—Taken From County Court

Nashville, Aug. 24.—Frank M. Thompson, attorney general of Tennessee, announced today that Governor Roberts this morning certified Tennessee's ratification of the suffrage amendment, sending the certification to Secretary of State Colby.

Nashville, Aug. 24.—Chief Justice Lansden of the state supreme court agreed today to review the proceedings in the Chancery court which issued a temporary injunction preventing the certification to Washington of the ratification by the legislature of the federal suffrage amendment. Announcement was made after Justice Lansden had granted the writs of certiorari supersedens, virtually taking the injunction proceedings out of the hands of the county Chancery court.

RUSSIA NOT ABLE TO EXPORT RAW PRODUCE

Constantinople, Aug. 24.—Russia's ability to export raw materials in the near future has been greatly overestimated by foreign countries in the opinion of Colonel B. Angerhard, formerly a member of the Russian Duma and a student of economic conditions in Russia before and after the revolution. In a talk with the Associated Press correspondent he said that foreigners seem to fail to realize the collapse of the Russian transportation systems, reduced manpower and run-down condition of the Russian farm lands.

This comment was evoked by reports of the negotiations of Russian economic agents with Premier Lloyd George in London and the announcement that the United States had lifted prohibitions upon American trade with soviet Russia.

Colonel Angerhard is confident that Russia will again play an important role in European markets but, he said, "the revival of Russian trade will not come until there shall be established a normal state of life when men shall renounce attempts of establishing immediately the part of Russia's exports."

Elgin, Ill., Aug. 24.—Joe Thomas, an automobile racer, driving in practice here today, turned turtle three times on a "hair pin turn" and suffered severe cuts to his head and body. The injuries are not believed to be serious. The car was badly smashed and the mechanic slightly hurt.

USE OF DANZIG WILL BE ASSURED POLAND

Paris, Aug. 24.—Premier Millerand of France, acting as president of the supreme council, has telegraphed to Sir Reginald Tower, allied high commissioner at Danzig, inviting him to assure to Poland the complete liberty in the importation of war material through Danzig, as provided for in the Versailles treaty.

Dr. Finan and wife and Mr. and Mrs. E. Sparks, of Sulson, Cal., are visiting in the city for a short time. They are stopping at the Josephine.

"It should be borne in mind that European Russia has been greatly reduced in size," said Colonel Angerhard. "Formerly it had over 5,000,000 square kilometers of land and 157,000,000 inhabitants. Poland, Finland, a great part of the Caucasus and several Baltic provinces, with about 50,000,000 inhabitants and about 1,250,000 square kilometers of land have detached themselves. The greater part of these detached territories ordinarily had a notable surplus of grain and other farm products which constituted the major part of Russia's exports."

EIGHT LIVES ARE LOST IN N.Y. FIRE

Tenement Structure Burns—Firemen Severely Injured When Leap Is Necessary

Two firemen were seriously injured when forced to leap from a third story window.

Nome, Aug. 24.—Four United States army airplanes flying from Mineola, Long Island to Nome, arrived here yesterday evening. The actual flying time from New York was 55 hours. The return will be started in a few days.

ROOT A PROTECTOR OF SMALLER NATIONS

The Hague, Aug. 24.—In the course of the jurists' conferences which have been held here to draw up plans for the organization of an international high court of justice, Raoul Fernandez, the Brazilian delegate, found Elihu Root a strong supporter in his fight for the interests of small nations.

At two different occasions Mr. Root succeeded in inducing the conference to adopt articles which Senator Fernandez proposed but which only met with a cold reception until Root came to Fernandez' assistance.

The first case was the right of the country which had no judge in the court to name a judge to sit while that country's case was before the court.

The second case in which Fernandez and Root closely collaborated was when the latter's proposal to extend the power of supplementary judges was about to be rejected.

According to the original plan the vacancies caused through the absence of judges could only be filled when at least three judges were absent. Mr. Root, however, supported the Fernandez amendment, and the substitute takes the function as soon as one judge is absent. In these two cases the small powers are closely interested.

The small powers are to have a majority in the high court, there being five judges representing the big powers and six representing the small powers while also the substitutes belong to the small countries.

This majority was endangered by the old plan when in case of two absent judges the small powers' vacancies would not be filled and the big powers would have a majority of five to four.

VOLUNTEER WHEAT CROP IN KANSAS BRINGS SUDDEN WEALTH TO OWNERS

Topeka, Kan., Aug. 24.—Stories of sudden wealth in the Kansas wheat belt are numerous this year, due to the unusual acreage of "volunteer wheat," a crop grown from seeds which fall in the previous harvesting. Officially estimated there was 1,500,000 acres of volunteer wheat in Kansas this year, or about a sixth of the total harvested acreage. This wheat yielded probably 40,000,000 bushels or representing a monetary value of about \$100,000,000. The total Kansas crop of wheat is estimated at 150,000,000 bushels.

The large acreage of volunteer wheat is due to the fact that a great deal of this acreage was deserted as wheat land by the owners, after last year's non-bountiful crop had been harvested. The 1919 acreage was in excess of 11,000,000 by far the record for any state in the union. A wet fall caused the kernels of wheat which had fallen to the ground during the harvesting to germinate. Finding the "volunteer" crop making a stand, farmers did not disturb the growth and, with ideal wheat growing weather this spring, the volunteer wheat made yields fully as bountiful as the rest of the crop. Innumerable stories of "deserted

Polish Troops Take Cities North and Northwest of Capital—Many Guns Taken

London, Aug. 24.—Great Britain and Italy will refuse the recognition of the Russian soviet government if it does not withdraw its demand presented as a part of the peace terms at Minsk for a proletarian army in Poland. This has been decided upon by Premiers Lloyd George and Goolitti who have been meeting at Lucerne, Switzerland.

Warsaw, Aug. 24.—The capture of Przasnysz 60 miles north of Warsaw, and Mlawa, 75 miles northwest of the capital is reported in the Polish official statement issued last night. The bulk of the Fourth soviet army and the entire Third cavalry corps has been surrounded by the Poles, the statement adds.

London, Aug. 24.—Germany has shipped supplies and ammunition to soviet Russia, according to a correspondent of the London Times, who insists that Leon Trotzky visited East Prussia.

Robert Kimmel, who has been visiting here for the past few months with his grandparents, Mr. and Mrs. W. S. Maxwell, left last night for his home at Cleveland.

Five young men, H. N. Anderson, E. D. Anderson and G. E. Anderson, of Aberdeen, D. B. Landis, of Goshen, Ill., and Lees J. Burrows, of Saginaw, were in Grants Pass last night while on a trip south. They expect to get as far as Tia Juana before they stop. Tia Juana is becoming a very popular place with citizens of this country.
