Body Is Sought—

Coroner Perl and a force of men are dragging the Rogue river today in the neighborhood of Curry rifles for the body of Joseph Morris, aged 33 years, and cook at the Westlund ranch for the past six months, who was presumed to have drowned there Sunday. He has a wife and two children. With a companion he went to the river to fish last Saturday night and early Sunday morning the two men started out in different directions to fish. When Morris had not returned late last night to some of his clothing which he had discarded and left on the bank, nor had been seen or heard from, it was concluded that he had met death by drowning. At noon today no trace had been found of the body.—Medford Tribune.

Boots for Road—

"It's about time the people of Oregon begin to realize the value to the state of the Oregon caves in Josephine county," says Ben M. Collins, automobile dealer of Grants Pass, who is at the Imperial with his daughter, Miss Grace Collins. "People who have traveled throughout the world tell me that they never have seen the equal to our caves in Josephine county," he said, "and yet we have never been able to get a road leading to them. It is impossible to make the trip by automobile and until a good highway is provided the state is bound to lose thousands of dollars from prospective tourists." Mr. Collins wants the highway commission to cooperate with the government and people of southern Oregon in building a good automobile road from Grants Pass to the Oregon caves.—Oregonian.
