### Road Work Progressing—

The surfacing of the highway between Rogue River and Gold Hill is progressing favorably, according to S. S. Schell. The state highway commission some time ago changed the amount of hot stuff that had to be laid. The depth of the pavement was 2 1/2 inches before but this has been doubled and it takes just twice the amount of hot stuff. By winter all but a couple of miles will be surfaced between Grants Pass and Ashland.
