

THE NEW SAVAGE TYPE

CONSIDERED BY MANY MOTORISTS THE BEST FABRIC TIRE ON THE AMERICAN MARKET

HAND BUILT

The skillful hands of our master-workmen, far-famed in the tire world, build our "D" Type tire. Our Great Chiefs, ever seeking perfection, have found no better way. Even the most wonderful of machines must be hand operated; but the touch and "feel" of skilled hands are not in them. Much labor may be saved, and cost reduced, by the use of building machines, but perfection, the aim of my people, cannot be found in their work.

Even as the waters of many streams combine to make the mighty river have we brought together the best that is known in methods and practice with the finest materials to be had in producing our big, flexible, extra ply, tough tread "D" Type tire. In it I believe we have the one fabric tire which stands far above all others in the service it gives on the road. And deeds, O Motorists, not the promise of them, make the mighty man or tire. The deeds performed by our "D" Type have inspired many of you to tell us we are building the best fabric tire on the market. Perhaps this message from you is caused by our building tires with that purpose in view.

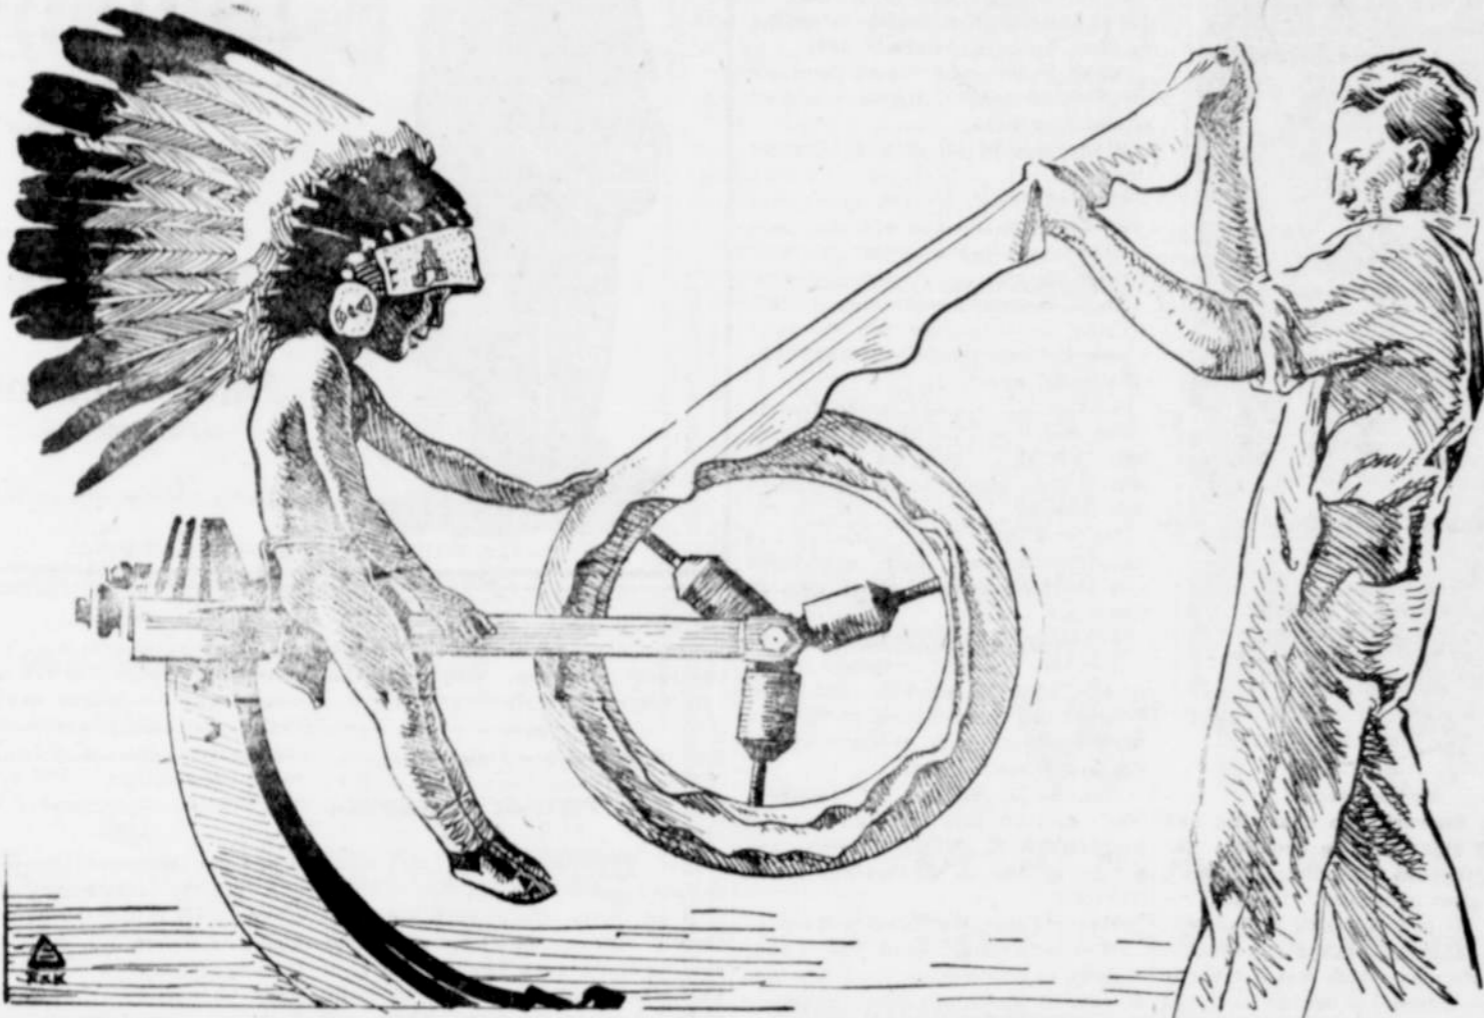

I SALUTE YOU, O MOTORISTS!

LITTLE HEAP HAS SPOKEN.

"Little Heap" is a member of the Spreckels "Savage" Tire Company. By birth he is a "Savage", by adoption, a member of The House of Spreckels. Wise for his years, educated in modern ways and imbued with the spirit of the organization he represents, the little "chief" is an authority on the construction of "Savage" tires and tubes. It is fitting that the sterling qualities and the sturdiness of his race are characteristic, too, of the products with which he is associated.

THE FOLLOWING MESSAGES APPEAR IN THIS SERIES

- A New Departure in Tire Construction.
- Finest Selected Raw Materials.
- Bonus and Premium Pay to Workmen.
- Hand Built.
- Wrapped Tread, Single Cure.
- Over-size and Extra Ply.
- Special Breaker.
- Extra Breaker Cover.
- Tough Tread.
- Inspection.
- Built to Excel.
- A Product of the House of Spreckels.

FERRYDALE

Miss Falva and daughters, Bessie and Vivian, who have been at Colorado Springs for the past year, returned to their home Wednesday.

F. N. Robertson will commence picking hops the 28th.

Mrs. Lefeld and Mr. and Mrs. Helms were visiting Mrs. Johnson Sunday.

Thos. Ogden is repairing the Pickett creek school house.

Ferrydale seems attractive to campers and fishermen of late.

Mr. Smith, who has lately arrived from California is looking the Rogue river valley over for a location.

Mrs. A. H. Carson, of Murphy, was calling on Mrs. Hunt Wednesday.

Because its made right, by a force of skilled plow experts whose equal cannot be found in any other plow factory in the world. There are many different makes of plows, each claiming to be the best, yet the fact remains that three John Deere plows are in use to one of any other kind. The John Deere Factory, the largest in the world, turns out every year more plows than any five other factories combined.

Standard of the World For Over 60 Years

The Pioneer Plow Maker, John Deere, made his first steel plow by hand from the blade of a saw in 1837. The first slab of steel rolled in the United States was rolled for the John Deere plows by William Woods, of Pittsburg, in 1846. And ever since those early days Deere Plows have shown the way and maintained the lead in this great national industry. Is it any wonder that the farmers of the world express their verdict in the familiar phrase,—"If it's a Deere—it's Right."

We make over 1000 styles of plows, each as good as it can be made,—the best that brains and perfect equipment can produce. No matter what your needs may be, we can supply them from our line.

D. C. McINTYRE
THE IMPLEMENT MAN

Mrs. M. L. Griffin and family moved from Grants Pass to the Robertson hop yard the first of the week.

Dudley Bar, Mrs. Lefeld's son, and Marie LaFollett were married at Portland Friday. Dudley's many friends here wish him much happiness.

Mrs. A. J. Hussey and daughters, Lois and Dama, and Mrs. Finns were visiting Mrs. Lefeld Wednesday.

WILDERVILLE

The families of Fred Britten and George Knox, of Klamath county, are here for a visit with the Chas. Agee family, the ladies being daughters of Agee's.

George McCollum, wife and son, drove up from Keno, Ore., last Monday for a few days' visit at the Borough home as well as on business.

The McCann boys are entertaining their cousin as their guest from Washington.

Richard Robinson and Johnnie B. Robinson, with their wives, have been on a week's visit at the home of their daughter and sister at Drain, Ore.

Earnest McCollum and family are enjoying a visit from their uncle who resides in California.

LeVon Smith has been on a visit with friends at Salem.

Earnest Barnes and wife are enjoying a visit from Mr. Marne's father, whose home is in California.

The Holland boys are driving a Ford which they purchased recently.

The following enjoyed a picnic and fishing party at Hell Gate on Sunday last: L. M. Anderson and wife; Will Dickinson, wife and son, Emmett; Oliver Morrison, wife and daughter, Ree, and son, Lloyd; J. L. Daws and wife, Blanche and Fred Daws, and W. D. Howard of San Diego Cal. Fishing was fairly good and the day was greatly enjoyed.

Hammermill Bond Letter Heads and Envelopes at the Courier office.

A Big Contract.

"I see where the people at Atlantic City are asking the authorities to make the high winds stop blowing the sand about at Cheyenne."

"Next thing the public will be demanding that somebody stop the hot air blowing in congress."

Half Million Mark passed, over 500,000 Women use the

THOR

The reason? Every woman that uses a Thor is so thoroughly satisfied that she just can't keep it to herself.

The powerful wringer with its quick-acting safety release,

the wonderful atatog, that prevents burning out the motor, puts the Thor in a class by itself.

Being direct shaft drive to all moving parts relieves you of the annoyance of slipping belts and broken chains. Entirely self-cleaning, nothing to lift or take apart to clean. Either stationary or swinging wringer.
