THE NEW SAVAGE TYPE D

CONSIDERED BY MANY MOTORISTS THE BEST FABRIC TIRE ON THE AMERICAN MARKET

OVER-SIZE AND EXTRA-PLY

My heart is full of wonder at the number of automobiles that use tire "under-size". Even as the patient pack-horse fails beneath too great a load, so will a sturdy tire falter when taxed beyond its strength.

The Great Chiefs of my people have declared "WE BUILD TO EXCEL"—so our "D" Type tire is an extra large over-size with an extra ply of fabric in every size over that used in standard and ordinary tires.

The trader can pile his goods higher, more friends can be taken on the ride of joy, if your car is shod with our "D" Type tires than is possible with ordinary tires, for the over-size construction, with a greater volume of air allowed by it, makes it capable of meeting all your demands.

And much fatter will be your purse, for the over-sizing and extra-ply features add many moons to the life of the tire; and most surely is the wear and tear on the machine made less.

Many among you, O Motorists, concede our "D" Type to be the best fabric tire on the American market. It is our proud boast that this big, handsome, flexible, hand-built casing is a distinct achievement in tire building, well worthy of my people.

I SALUTE YOU, O MOTORISTS! LITTLE HEAP HAS SPOKEN.

"Little Heap" as a character is symbolic of The Spreckels "Savage" Tire Company. By birth he is a "Savage"; by adoption, a member of The House of Spreckels. ¶ Wise for his years, educated in modern ways and imbued with the spirit of the organization he represents, the little "chief" is an authority on the construction of "Savage" tires and tubes. ¶ It is fitting that the sterling qualities and the sturdiness of his race are characteristic, too, of the products with which he is associated.

Daily Courier

Bargain Day

The white paper for the Courier now costs $260 per month as against $60 for the same amount before the war, a straight increase of 466% or $200 per month, $2,400 per year, $2 per subscriber. You can readily see that an increase must be made in the subscription price soon.

Print paper has doubled in price since the signing of the Armistice; it is now 13c per pound, with the prospect of reaching 15c and even 18c per pound. When that time comes other hundreds of newspapers will be discontinued, the Courier, however, will be continued no matter what the price of white paper reaches, but economies will have to be practiced.

Take advantage of the Courier Bargain Day and you will get the next year for $5, even though the price is raised.

"You Can Trust the People"

That's what Abraham Lincoln said, and he was *right*. The People *always* know what they want and what is *best* for them. And when the Farmers of the World agree through their judges at *every* World's Fair since 1867 that the Highest Award of Merit rightly belongs to the

JOHN DEERE PLOW

It puts the *Official Stamp* of *Quality* on a product that has held first rank for over 60 years. If *you* are not now a John Deere Plow Man, you should "trust the people" and try one the next time you buy. Isn't it *worth* a little more to you to own a "Deere" than to pay your money for a plow less reliable, less durable and less satisfactory, even at a little *less* first cost?
