Bargain Day

Twenty-five people have already sent in their Bargain Day subscription and now have that matter off their minds. They were afraid of forgetting it on Saturday, and some of them from past experience know that it costs them money to forget. We will accept your money now if you are afraid of forgetting.

Hundreds of subscriptions expire during September and it is probable that among that number are several who do not wish to continue the paper. These are asked to please notify this office and their paper will be stopped as we do not wish to crowd the paper on anyone.

There are also a number who are in arrears for subscription. The present price of paper makes it imperative that we receive payments promptly. Remember that the increased cost of paper for one year's subscription is \$2, and the price is steadily increasing.

September the 18th

Daily Courier \$5 per year in advance—September 18th.

YOU PAY-USE-LESS

Don't try to save money buying cheap or big-can Baking Powders. You can't do it. You'll throw out more in spoiled bakings than you save on price of the powder. And don't think that old style high priced powders are best because they cost most. They are not.

CALUMET BAKING POWDER

has proved in millions of bake-day tests that it is the best baking powder ever made—that's why it is the biggest selling baking powder in the world today. No other baking powder makes such temptingly good—tender wholesome bakings. No baking powder of anywhere near the same quality is sold at such a low price.

You use less of Calumet—because it is the highest grade baking powder. One teaspoonful is equal to two teaspoonfuls of most other brands.

And there is no "luck" about it when you use Calumet. No loss. It is absolutely sure. It is the most economical of all. Millions of housewives use it—and so do leading domestic science teachers and cooking experts.

You save when you buy it—You save when you see it. Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

HIGHEST QUALITY AWARDS

GET BEST RESULTS WITHOUT LOSS

NOTE THIS
 When you buy a pound of Calumet you get a full pound—16 oz. Some high priced baking powders are now being put on the market in 12-oz. cans instead of a pound. Be sure you are getting a pound when you want it. No short weights with Calumet.
