AMUSEMENTS

Fine Hart Picture

After all, there is no one like William S. Hart to portray a red-blooded "two-gun" role in a picture about the West of the olden, golden days. Such a photoplay is "The Toll Gate," which was enjoyed by a large audience at the Oregon theater yesterday.

Mr. Hart has the role of Black Deering, a slashing, hard-riding bandit chief. Anna Q. Nilsson is the leading woman, and a prominent member of the cast is Mr. Hart's remarkably intelligent Pinto pony.

\$1000---REWARD---\$1000

Do you know that we need good careful, serious Airplane Pilots?

Do you know that aviators are not yet available to fly but a small number of the airplanes available for the public? Do you know that the monthly reward for the services of a GOOD AVIATOR IS \$1000.00. Do you know that FLYING is the most wonderful, exhilarating and fascinating business in the world? Do you then also realize it is easy to LEARN TO FLY at the Dudrey Aircraft School of Aviation, 825 Morgan Bldg., Portland, Oregon, Municipal Field? Do you know that we have the best of CAREFULLY SELECTED PILOTS, and the choicest of airplanes, with which you are given careful, conscientious and undivided personal attention and instruction? Do you remember that auto owners 20 years ago, were considered egotistical fanatics for harboring a secret hope that autoing would some day become common? Yet we are fast approaching that day when autos become a second-class manner of pleasant, rapid transportation, being excelled by the AIRPLANE for pleasure, sports or serious, calculating business!!!! Think of the time-saving element alone!!!

Have you not seen LT. V. U. AYRES, R. M. A., daily demonstrate the feasibility of flying in the pitchy black of night as well as in the daylight, rain, clouds or fogs, heat, cold and winds or calm? Have you not enjoyed the pleasant feeling of tingling exhilaration as you watched the AIRPLANE STUNTING, looping, twisting and turning with all the safety and graceful curves of an enormous, beautiful bird? SURE YOU HAVE!!! Who hasn't? WOULDN'T YOU LOVE TO FLY and do the same things? Then write, wire or come to
