# LUCKY STRIKE

"IT'S TOASTED"

**LUCKY STRIKE** cigarette—it's toasted. Lucky Strike tobacco—it's toasted. Both are toasted. You cannot get the remarkable and unusual flavor of toasted Burley tobacco in any other brand.

How is it that this toasting process preserves so successfully the original Burley flavor? Because it's sealed in.

Take the case of the bee and the honey. The bees have the right idea. To lock in that fragrant and delightful flavor of clover honey they put a thin coating of wax over the whole honey-comb.

You know yourself that honey can stand unbroken on a shelf for months or years, and be just as good when it's used.

And that's what happens with the Burley tobacco used in making Lucky Strike.

In each Burley leaf there are little pores like a sponge. In the heat of toasting these pores are sealed. The Burley flavor is there, inside.

When you light your Lucky Strike cigarette or your pipe full of Lucky Strike tobacco the heat releases the Burley flavor for your benefit.
