Juniors Win Game—
The junior class football team last night won the first interclass game of the year by defeating the sophomores by a score of 18-2. Much interest is being shown this year at the high school in football, a large number of candidates for the team going out for practice every night. Howard Bears, who is coaching the boys, says the outlook is only fair this year. Many of the old men have left and a number more have been rendered ineligible to play because of high school work. The prospects now are that the team will be light. The class games are being played to give Mr. Bears an idea of the available material for a team. The seniors will play next, meeting the juniors for the class championship.

COMMUNICATED
Editor Courier: When will the authorities wake up in this town? Not until some one is rushed into eternity Monday, when the Wiltrout car with Mrs. Dan Wiltrout at the wheel, Mrs. B. Hamilton at her side, Mrs. H. L. Green, Mrs. Luke Lilley and her little son and baby Wiltrout in the rear seat, a car driven by a man named Cooper came down Sixth street and made right for the Wiltrout car, in spite of the chief of police or cops and all the people looking on. If the man had been driving like some drivers do, no telling how many would have been killed. Just think, innocent little children and ladies hardly safe no matter how careful they may be. If these careless drivers had to pay a good fine a few times they would be more careful. They have to pay a fine for running over the city fire hose—how much better are the little innocent children and our fair sex of the city? Some one ought to get busy before

some one is killed. Can not something be done to make people more careful?

Care of Books.
Keep a chemical duster in the drawer of the library table to polish shelves, and a tin box of so-called magic paper cleaner for the books. It is not necessary to spank the books together or flap their covers. Lay the book under treatment on a paper to catch the little black rolls of soiled dough, and go over binding and lining to the cover as well as the edges of the leaves. Keep a roll of transparent adhesive tape handy to mend torn pages or anchor loose sheets. Every music store carries it.

Dedrick's Little Plumber

Folks have got so used to associating good work with our name that every time they need a plumbing job they feel mad at themselves because they can't remember our telephone number. Well here it is again. Try not to forget it this time. You won't! Much obliged to you.

The Reduced Cost of Tire Mileage for Your Small Car Do you realize that Goodyear Tires are priced no higher today than in 1910 and that their mileage actually costs less than it did a decade ago? During this period Goodyear has been able steadily to increase the amount of mileage built into its tires and, consequently, the cost of Goodyear mileage has actually declined. In no part of the Goodyear line has this decline been more marked than in the present 30 x 3-, 30 x 3 1/2- and 31 x 4-inch sizes of Goodyear Tires, made especially for small cars. If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for them—get the unusual value contained in their construction and delivered in their mileage. 30 x 3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$2350 30 x 3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$2150 Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly castings when such sure protection is available? 30 x 3 1/2 size \$450 in waterproof bag.
