THE ROAD TO HEALTH

And strength lies largely in what we
eat, and among all foods bread is
probably the most important. The
better the bread the sturdier the
children and grown folks too. Our
bread is simply perfect. In flavor,
wholesomeness and food value it is
nothing short of ideal. Try it today.

surprise Grants Pass people. One
girl with weak, strained eyes was
helped by a single application. Her
mother could hardly sew or read be-
cause of eye pains. We guarantee a
small bottle of Lavoptik to help ANY
CASE weak, strained or inflamed
eyes. Aluminum eye cup FREE.
National Drug Store.

Over fifty years ago a young
physician practiced widely in a
rural district and became famous
for his uniform success in the
curing of disease. This was Dr.
Pierce, who afterwards estab-
lished himself in Buffalo, N. Y.,
and placed one of his prescriptions,
which he called "Golden Medical
Discovery," in the drug stores of
the United States so that the pub-
lic could easily obtain this very
remarkable tonic, corrective and
blood-maker. Dr. Pierce manu-
factured this "Discovery" from
roots and barks—a corrective
remedy, the ingredients of which
nature had put in the fields and
forests, for keeping us healthy.
Few folks or families now living
have not at sometime or other used
this "Golden Medical Discovery"
for the stomach, liver and heart.
Over twenty-four million bottles
of this tonic and blood remedy
have been sold in this country.

BARNES, The Jeweler

Quaker Heat is Quicker Heat —and Cleaner too

The Quaker Pipeless Furnace is built of heavy
riveted boiler plate steel—and steel radiates heat *three*
times as fast as cast iron. That is why Quaker heated
homes are always so comfortable on cold mornings.
Just open the draft and up through the Quaker Register
pours an enormous volume of warm, pure, clean air.
Before you buy a furnace, find out about the

QUAKER "The Pipeless Furnace that is built of Steel"

It not only gives you quicker heat but more
of it from the same fuel. Every corner of every
room is warmed thoroughly. It's cleaner too be-
cause every joint is riveted tight like a steam
boiler. Can't leak gas, soot or ashes like the cement
joints of cast iron furnaces do. Fire pot is lined with
high temperature fire bricks. Hold heat extra long. Won't
crack nor burn out. Handy water filler outside of furnace
keeps air moist and pure. The Quaker is the ideal heating
plant for homes, schools, churches and stores. Easily and
quickly installed in any old or new building.

Mr. and Mrs. E. G. Goff returned
to their home at Glendale this morn-
ing. Mrs. Goff has been in the hos-
pital here for the past two months
suffering from typhoid fever but has
so far recovered now that she is able
to leave for her home.
