Tonight and Saturday rain.

**CARD OF THANKS**

We desire to sincerely thank our kind friends and neighbors for help and sympathy in our recent bereavement in the loss of our dear mother, Mrs. Susan Green, and for the many beautiful floral emblems brought as a token of their esteem.

We wish also to express our appreciation of the labors of the kind neighbors in preparing for the interment at the cemetery.

HER LOVING CHILDREN.

**Quaker Heat is Quicker Heat —and Cleaner too**

The Quaker Pipeless Furnace is built of heavy riveted boiler plate steel—and steel radiates heat three times as fast as cast iron. That is why Quaker heated homes are always so comfortable on cold mornings. Just open the draft and up through the Quaker Register pours an enormous volume of warm, pure, clean air. Before you buy a furnace, find out about the

**QUAKER**  
"The Pipeless Furnace that is built of Steel"

It not only gives you quicker heat but more of it from the same fuel. Every corner of every room is warmed thoroughly. It's cleaner too because every joint is riveted tight like a steam boiler. Can't leak gas, soot or ashes like the cement joints of cast iron furnaces do. Fire pot is lined with high temperature fire bricks. Hold heat extra long. Won't crack nor burn out. Handy water filler outside of furnace keeps air moist and pure. The Quaker is the ideal heating plant for homes, schools, churches and stores. Easily and quickly installed in any old or new building.
