Riches Was Here—

Lloyd Riches was in the city yesterday afternoon getting arrangements made for a meeting to be held here next week in the interests of the campaign against the 5 per cent interest bill and the non-partisan league. Mr. Riches has been touring the whole state and has given speeches in almost every town of any importance in Oregon. The local committee now has the matter in charge and will make the final arrangements for the meeting.

Union Market Moves—

Hobo Migration Starts—  
The hobo migration south has started as usual with the birds. If anything the "bos" are a little ahead of the birds this year. Last night about 25 of them came into town and were promptly escorted out. This is the largest number that has come in at any one time this year and the season promises to be a regular hobo season. The reason given for the movement is that it is too wet to work north of here.

Always Something Good—  
And delicious for your lunch at the Bonbonnaire. 93

Files for Mayor—  
Interest in the coming city election is not very manifest to the casual observer. Two candidates have filed for mayor, the name of C. H. Damaray, present mayor, having been written in at the primary election and R. Timmons having filed by petition. The mayor elected at the November election will serve for two years. T. P. Cramer is the only candidate from the first ward for councilman to succeed himself. C. F. Nutting is the sole candidate from the second ward while William Bunch is the only candidate from the third ward. Mr. Nutting and Mr. Bunch are present councilmen. E. Chailson and Andrew Shade will contest for the election from the fourth ward. The terms of the councilmen are for four years.

Official confirmation of press dispatches from Detroit, announcing that there would be no reduction in the price of Dodge Brothers Motor Cars, has been received by C. A. Linch, the Dodge Brothers dealer in this city. A telegram from C. W. Matheson, acting general sales manager to the local dealer, reads:

"Dodge Brothers policy has ever been to give full value for the price asked. There will be no reduction in the present prices of Dodge Brothers motor cars. Newspaper reports to the contrary are absolutely untrue."

"Dodge Brothers announcement was no surprise to us," said Mr. Linch. "In fact it is only a substantiation of Dodge Brothers business principles. At no time have they ever demanded an excess amount for their product. As in the past, they will continue in the future to demand a fair return for their efforts."

"The mere fact that the demand for Dodge Brothers motor cars is still greater than the supply, despite the great expansion program at the factory, has absolutely nothing to do with the decision to continue the present prices. In marketing their car Dodge Brothers have never made a point of price and will never sacrifice the quality of their product to enter price competition."
