

THE PLACE FOR YOUR MONEY

is, first of all, the savings bank. Later, when you have accumulated enough, you can take some of it out and invest it at a higher rate of interest, but it is always safe to entrust us first with your spare funds. We allow you interest compounded every six months—and your money is absolutely safe here.

Quaker Heat is Quicker Heat—and Cleaner too

The Quaker Pipeless Furnace is built of heavy riveted boiler plate steel—and steel radiates heat three times as fast as cast iron. That is why Quaker heated homes are always so comfortable on cold mornings. Just open the draft and up through the Quaker Register pours an enormous volume of warm, pure, clean air. Before you buy a furnace, find out about the

QUAKER
"The Pipeless Furnace that is built of Steel"

It not only gives you quicker heat but more of it from the same fuel. Every corner of every room is warmed thoroughly. It's cleaner too because every joint is riveted tight like a steam boiler. Can't leak gas, soot or ashes like the cement joints of cast iron furnaces do. Fire pot is lined with high temperature fire bricks. Hold heat extra long. Won't crack nor burn out. Handy water filler outside of furnace keeps air moist and pure. The Quaker is the ideal heating plant for homes, schools, churches and stores. Easily and quickly installed in any old or new building.

Good Baking

Routing The Doubting

Careful selection of wheat combined with the modern milling methods used in producing OLYMPIC Flour assure baking day success. You can rely on OLYMPIC to make whiter bread and lighter pastry.

Here's Bread You'll Like
A short method of making three loaves, or two loaves and twelve biscuits:
1 1/2 cups tepid water; 2 1/2 tablespoons sugar (level); 1 tablespoon salt (level); 2 cakes compressed yeast; 1 tablespoon shortening; OLYMPIC Flour, well sifted before measuring, enough to make a smooth dough, about 1 1/2 quarts.
Dissolve yeast in part of water, salt and sugar in remainder. Combine and add OLYMPIC flour to make a smooth "stiff" batter. Beat until free from lumps, then add rest of flour, sufficient to make a smooth dough. Add melted lard or oil. Knead well, put in greased bowl to rise until double the bulk. Knead down and let rise again until double the bulk. Mold into loaves, let rise till light, bake in moderate oven.

Top Off Your Breakfast with delicious hot cakes made with OLYMPIC Pancake Flour.
Start with OLYMPIC Wheat Hearts.

At your grocer in 10, 24 and 49 1/2 pound sacks.

Official confirmation of press dispatches from Detroit, announcing that there would be no reduction in the price of Dodge Brothers Motor Cars, has been received by C. A. Linch, the Dodge Brothers dealer in this city. A telegram from C. W. Matheson, acting general sales manager to the local dealer, reads:

"Dodge Brothers policy has ever been to give full value for the price asked. There will be no reduction in the present prices of Dodge Brothers motor cars. Newspaper reports to the contrary are absolutely untrue."

"Dodge Brothers announcement was no surprise to us," said Mr. Linch. "In fact it is only a substantiation of Dodge Brothers business principles. At no time have they ever demanded an excess amount for their product. As in the past, they will continue in the future to demand a fair return for their efforts."

"The mere fact that the demand for Dodge Brothers motor cars is still greater than the supply, despite the great expansion program at the factory, has absolutely nothing to do with the decision to continue the present prices. In marketing their car Dodge Brothers have never made a point of price and will never sacrifice the quality of their product to enter price competition."
