"BELOW THE SURFACE" STRONG BOSWORTH FILM

One of those rare photoplays that hold you spellbound by their sheer dramatic force and live long in your memory—that's "Below the Surface," starring Hobart Bosworth. It is showing last times tonight at the Oregon.

The hero is a stalwart New England deepsea diver, who not only risks death to save people trapped in the ocean depths, but also courageously saves his son from disgrace at the hand of a shrewd crook and his pretty girl accomplice.

A steamer crashing into a derelict in the fog and the sinking of the steamer with all on board; a record dive to free a submarine grounded on the ocean bed; a brilliant cabaret invaded by the old diver and his battle to rescue his son's wife from her evil companions—these are some of the thrills that make "Below the Sur-

50 Years Ago

a young man who practiced medicine in a rural district became famous and was called in consultation in many towns and cities because of his success in the treatment of disease. This was Dr. Pierce who afterward moved to Buffalo, N. Y. He made up his mind to place some of his medicines before the public, and he put up what he called his "Favorite Prescription," and placed it with the druggists in every state in the Union. For fifty years Dr. Pierce's Favorite Prescription has sold more largely throughout the United States than any other medicine of like character. It's the testimony of thousands of women that it has benefited or entirely eradicated such distressing ailments as women are prone to. It is now sold by druggists in tablet form as well as liquid. ASTORIA, OREGON.—"I saw Doctor Pierce's advertisement and as I had tried so many things for woman's trouble without getting any help, I decided to try Dr. Pierce's Favorite Prescription, and I did so with good results. I think it is just great."—Mrs. D. BERG.

MORNING TO YOU, PETE!

Who crossed my trail in the hotel this afternoon but "Long Sam" Weaver! Last time I saw Sam to chin to was that night of July 15th when our old 38th clinched the "Rock of the Marne" title! And, I guess you won't forget that night, old glue pot—everybody was stuck on you!

Sam and I fought the war all over again and dug into our Camel supplies like it was "free commissary". Sam never will get all done talking about that session when we couldn't move a hair without getting a close shave—and, no cats or smokes!

Sam has some song about how good Camels were to him in France—and ever since! That bird has the warble! Why, Camel talk trickies off his tongue like water flows over Pa Smith's mill dam! Pete, old carpet tack, Sam has a head all right!

"Camels certainly are friendly", was the way Sam put it in his old-time vigor-vim style. "You know as well as I do", he added, "that no other cigarette has such a mild, mellow body. And, there's no harshness or tiredness of taste in a million Camels! No objectionable odor, no lingering unpleasant aftertaste! Summing it all up, Shorty, I'll say Camels are the greatest cigarettes in the world at any price!"

Headed southeast tonight, with Winston-Salem, N. C. my first port of call. Some jump from K. C.! Pete, it's Winston-Salem where Camels are made! GET ME!

Sincerely

Shorty
