SUPPOSE your baking failures average three out of ten. They may run higher. But if they don't—your good bakings cost you about a third more than they should.

What you lose thru failure must be added to baking costs—it has to be paid for.

Calumet Baking Powder will save you all of that. Because when you use it—there are no failures—no losses. Every baking is sweet and palatable—and stays moist, tender and delicious to the last tasty bite.

Pure in the can - Pure in the baking

CALUMET
BAKING POWDER
"BEST BY TEST"

That's a big saving—but that isn't all. You save when you buy Calumet and you save when you use it. It is reasonable in cost and possesses more than the ordinary leavening strength. You pay less and use less. You get the most in purity, dependability and wholesomeness.

In every way—it is the best way to keep down baking costs. That's what has made it the world's biggest selling baking powder—has kept it the favorite of millions of housewives for more than thirty years.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.
