SAVAGE TYPE D

CONSIDERED BY MANY MOTORISTS THE BEST FABRIC TIRE ON THE AMERICAN MARKET

BUILT TO EXCEL

Much wisdom has the Great Spirit granted the Chiefs of my people. For many years have they been builders of tires. Deeply rooted in their hearts is the ambition to make a tire so famed in all the land that the glory of it will be reflected even on their children's children. And so, O Motorists, our "D" Type tire is produced. Into it we have put only the finest materials the world affords; methods that express our high ideals; and workmanship that only masters in their craft can give. Our search for improvement never ends, but meanwhile it represents our best; the tire we have built to excel all others.

For many moons, O Travelers of the Highways, have we made a study of your needs. And our "D" Type tire, with its extra-large over-size, additional ply of fabric, and generously proportioned extra rubber, together with "Savage" construction, has been made to meet them. A great multitude of you are now saying it is "the best fabric tire on the American market".

I SALUTE YOU, O MOTORISTS! LITTLE HEAP HAS SPOKEN.

"Little Heap" as a character is symbolic of The Sprechels "Savage" Tire Company. By birth he is a "Savage"; by adoption, a member of The House of Sprechels. Wise for his years, educated in modern ways and imbued with the spirit of the organization he represents, the little "chief" is an authority on the construction of "Savage" tires and tubes. It is fitting that the sterling qualities and the sturdiness of his race are characteristic, too, of the products with which he is associated.

THE FOLLOWING MESSAGES
APPEAR IN THIS SERIES

A New Departure in Tire Construction.
Finest Selected Raw Materials.
Bonus and Premium Pay to Workmen.
Hand Built.
Wrapped Tread, Single Cord.
Over-size and Extra Ply.

FIRST CLASS RANCH

Live Stock, Farm Equipment

AT PUBLIC AUCTION

For sale at public auction to the highest bidder, one of the best and most beautiful ranches of the Rogue River Valley, containing 91 5-7 acres of fruit and alfalfa land, a fine wooden dwelling house, three stories and basement, containing nine large rooms, sleeping porch, and large bathroom, with screened-in veranda about 12 feet wide around the house;

Equipped with electric lights, automatic pump for water, furnace and other modern conveniences;
Bungalow, 3-rooms, shower bath and open fire place;
Large barn, with packing house facilities, pump house and modern pump, tool house, poultry houses, etc.

Foreman's house of four rooms;
Well house, with engine, pump and reservoir tank.
The buildings are insured for \$10,000.

31 3-7 acres in Bosc, Comice and Anjou pears, 18 or 19 years old and in full bearing.
The rest of the premises, except the garden and the grounds immediately around the buildings, and about six acres of choice grain land, is all in alfalfa.

The Medford Irrigation District, a State organization, will supply water to the place for irrigation purposes, not later than May 30, 1922. This is an assured fact. Conservatively speaking, irrigation doubles the alfalfa crop and adds at least twenty-five per cent to the pear crop.

The sale will be held at 2 o'clock p. m. on

Saturday
Nov. 13, 1920

on the place, Ross Lane, about four and one-half miles from the Medford depot.

No bids will be received for less than \$35,000.

A deposit of \$2,500 must accompany the accepted bid, the balance to be paid in one week from date of sale.

Immediately after the sale of the above described property, the auc-

tioner will offer the farm equipment and live stock for sale. This includes four horses, cow, poultry, spray rig, mower, hay rake, wagons, etc., and all necessary equipment to run the place.

No bids under \$1,000 will be received on farm equipment and live stock.

A first class foreman can be employed.

The following opinion of the value of the property is given by the men who are or have been directly interested in the property and its productiveness:

"I think the above described property is worth very much more than \$35,000 now."

(Signed) S. P. BECKWITH,
Pacific Net & Twine Co., Seattle, Wa.
Ex-manager Rogue River Valley Fruit & Produce Ass'n.

E. B. Thompson, Medford, Ore., appraiser of the California Land Bank Company, San Francisco, Cal.

Refer by permission to the First National Bank of Medford, Ore., First National Bank of Ashland, Ore. or E. D. Briggs, Esq., Ashland, Ore.

Medford is recognized as the best pear producing section in the country. Its late pears cannot be equaled.

The ranch offered for sale above, and now called the Black Oak ranch, is perhaps better known as the old Stewart place. Mr. Stewart was the original orchardist in the valley and this place was chosen by him for himself or his son to own. It was laid out under his personal supervision and care, and for this reason the ranch is favorably known throughout the valley.

The house is admirably suited for a country residence. The land lies on the east side of Jackson Creek and about four and a half miles from the Medford depot, and two miles from Central Point. The roads to either town are in fine condition. Directly in front of the house one gets a view of Mt. McLaughlin and to the right Mounts Wagner and Ashland.

Prospective purchasers are invited to examine the ranch property at any time before sale.
