BARNES, The Jeweler

FORDSON FARM TRACTOR

The Fordson cuts the cost of preparing land almost to half of what it cost with horses. But even more important is the fact that the Fordson saves from thirty to fifty per cent of the farmer's time. And time saved—getting fields in shape to plant in the proper season; getting things done when they should be done—means money to the farmer. Besides it helps greatly in solving the labor problem.

As ever, the machine way is proving more efficient, faster, easier than the old hand way. In the factory, the machine increases production, saves labor—produces more at less cost. And that is what the Fordson does on the farm. The Fordson way is the machine way of farming. Besides it helps the labor problem.

The Fordson's first cost is low; and the after or operating cost is low. It is a compact, easily handled tractor, backed by the greatest tractor service organization in the world.

We are Fordson dealers. Not only do we sell Fordson tractors, but we

carry a stock of Fordson parts and employ Fordson mechanics to help the farmers get the best results from the Fordson. Let us demonstrate the Fordson on your own farm.

"The Product of Experience"

A Motor Car can be no better than the material of which it is made.

Materials in Chevrolet Cars are of the best.

Yet to these have been added scientific construction—strength without weight—that results in endurance, comfort and economy for which the Chevrolet is famous.

The less your car costs you the greater your satisfaction. Chevrolet operation shows a profitable balance between running expense and consistent service rendered. That is why Chevrolet Cars are growing in popularity.

All cars purchased are protected against reduction in price to May 1st, 1921.

A demonstration will convince you of all we claim for Chevrolet Cars.
