

Financing a Nation "at Work"

Do you realize that the continuous operation of our industrial plants depends upon an unfailing supply of banking accommodation, credit, or more briefly, loans? It is the function of the Federal Reserve System to insure at all times an ample supply of such loans for current commercial needs. These loans are made available through banks which are members of the System. By banking with us, you aid in this process and enjoy its benefits.

Married Thursday—

At the home of the bride's parents, Mr. and Mrs. R. W. Clarke, on Thursday, October 21, Marion Frances Roemer, to M. Carman Page, of Port Orford.

Get Ready—

For Murphy October 30, Halloween doin's. Hob goblins will get you if you dare stay at home.

Your Are Assured—

Of the time of your life at the Riverside Community Club dance and carnival on Saturday Eve, Oct. 23rd, on highway beyond Foothills Creek. 07

Smith Hill Bad—

"Arriving autoists report that the infamous Smith hill between here and Roseburg has been rendered almost impassable by the recent hard rains, and say that the old grade is the best to travel but can be negotiated only with much difficulty," says the Medford Mail-Tribune. "The new grade is impossible for cars to get through, they say, and several cars are mired there and can not be extricated because no truck can get through to pull them out. Several men who arrived in the city today got stalled on the old grade, left their cars there and walked out, finding their way to the nearest railroad station where they took a train for Medford. The Ford car of Mr. Hubbard, a traveling salesman from Portland, got mired there night before last and he was compelled to sleep in the car all night."

Hallowe'en Mask Ball—

October 27th, Waldorf Hall. Dance tickets \$1.10, extra ladies and spectators 25c. 061f

Steelheads are Striking—

The steelheads are beginning to take a fly to good advantage now, several extra good catches having been made yesterday. They are also reported to have taken a spinner.

Oh, Boy! Looks Who's Here—

Carnival and dance at Riverside Community Club house, on Rogue beyond Foothills Creek quarter of a mile. Don't miss the date, Saturday, October 23rd. 061f

Will Be in Field—

Beginning next week, County Agent Miller will be in the field, he announced today. Any orchardist desiring his help may get it by phoning his office as he will be glad to help out the farmers. He states that anthracnose must be cleaned out of the orchards now by the use of Bordeaux and blight must be pruned.

I Wonder Who'll Get the Prize—

At the Hallowe'en masquerade? The one that deserves it, of course! \$10 for the best couple. 061f

Quartet Will Sing—

A male quartet is always popular with an audience, and four excellent voices will compose the quartet that will be heard at the Flowers meeting at the opera house tomorrow evening. Messrs. Lium, Isham, Borland and Zimmerman are now getting their voices in training on a number of songs suitable to the occasion, and no doubt will divide honors with the orator in winning the plaudits of the audience.

Don't Be a Dead One—

Crank up your old boat, head her south on Pacific highway, stop at Community Club and have the time of your life. Do this on Saturday Eve, Oct. 23rd. 07

Quaker Heat is Quicker Heat —and Cleaner too

The Quaker Pipeless Furnace is built of heavy riveted boiler plate steel—and steel radiates heat three times as fast as cast iron. That is why Quaker heated homes are always so comfortable on cold mornings. Just open the draft and up through the Quaker Register pours an enormous volume of warm, pure, clean air. Before you buy a furnace, find out about the

QUAKER
"The Pipeless Furnace
that is built of Steel"

It not only gives you quicker heat but more of it from the same fuel. Every corner of every room is warmed thoroughly. It's cleaner too because every joint is riveted tight like a steam boiler. Can't leak gas, soot or ashes like the cement joints of cast iron furnaces do. Fire pot is lined with high temperature fire bricks. Hold heat extra long. Won't crack nor burn out. Handy water filler outside of furnace keeps air moist and pure. The Quaker is the ideal heating plant for homes, schools, churches and stores. Easily and quickly installed in any old or new building.
