An Appeal to the Voters of Oregon

The Port of Portland Dock Commission Consolidation Bill on the state ballot should be defeated. While it is no doubt affects the whole state in some degree, the enormous expense which it will create must be borne by the taxpayers of the Port of Portland, which contains 209 square miles, or less than one quarter of the area of the state. The Chamber of Commerce, the Taxpayers' League and other Portland organizations and many representative business men have joined hands to acquaint the voters of Oregon with the facts and to enlist their opposition to the measure.

The scheme of improvement proposed by the bill will cost \$40,000,000. As a starter, \$16,500,000 of bonds are authorized. In violation of the home rule provision of the Constitution of Oregon, the voters of the Port of Portland are denied the right to say how large a debt they are willing to assume. Nor are they given a voice in the selection of the commissioners who are to vote bonded debt upon them, levy taxes for them to pay and manage their business.

The electors of the territory within the Port of Portland are better qualified than any one else to judge of the amount of bonded debt they should authorize or the taxes they should pay. Their liberality in assuming burdens of public improvement, not only for themselves, but for the state at large will not be questioned by any one who will scan the record of the huge total of bonds they are now carrying, amounting, in round figures to \$34,000,000. It cannot be thought that the state will be the gainer by imposing upon its chief city the insupportable load of additional debt contemplated by the pending bill.

The sponsors of the Port of Portland bill have openly appealed to the electors of the state at large to vote for it on the ground that it will cost them nothing. This is log rolling of the most dangerous type. If such methods are to prevail in behalf of direct legislation, no county, city, port or other municipal corporation in the state will be safe from having intolerable debts and taxes foisted upon it by indifferent voters from other parts of the state. Bills like this must be rejected by the voters if home rule is to retain its vital force. Home rule and such bills cannot survive together. One or the other must fall.

The voters of the Port of Portland are not asking to be relieved of their responsibility to create and maintain the necessary facilities for ocean commerce. They desire only that they be given a voice in the management of their affairs, and that, through the established processes of law, they be permitted to adopt a plan of port development which will not load millions of dollars of debt upon them.

Voters are requested to vote 311 No.

Not a Study Worker
The estate of a California bellboy is estimated to be worth only about \$30,000. He must have been sick a great deal of the time, or otherwise incapacitated for work.

Bluffer Finally Unmasked.
For a time a chatterbox may outshine the wiser man whose tongue wags less. But in the end, as Solomon long ago assured us, "a prating fool shall fall." The man whose brain works full time finds bluffing unnecessary. His talk is profitable, not only to himself, but to all with whom he comes in contact.

Pitcairn Island Women.
The women of Pitcairn Island descended from English sailors and Oahuian mothers, are described as being unusually graceful, as well as vigorous. It is a common sight to see the young women of the island go up and down the steep, rocky shores, carrying barrels of water or other heavy burdens on their shoulders, apparently with as much ease as the young men do.

Settlement of Oklahoma.
After the acquisition by the federal government of the Indian claims, the territory of Oklahoma was thrown open to white settlers, the central part by proclamation of President Harrison or April 22, 1889, a large tract in the north in 1893. The territory was settled with extraordinary rapidity. Oklahoma was admitted to the Union November 16, 1907.

A CLEAR SKIN

Women do not have to patronize the beauty parlor—for if their skin is disfigured with pimples and blotches, and their blood is in disorder they should obtain at the drug store that wonderful blood tonic and alterative of Dr. Pierce's which he placed before the public over 50 years ago. Since that time many thousands of men and women have testified to its wonderful blood cleansing effect. This is what one woman says:

CHEHALIS, WASH.—"I have used Doctor Pierce's medicines for over forty years for myself and family and have always found them just as represented. I think Dr. Pierce's Golden Medical Discovery for a tonic and blood builder cannot be beat; and Dr. Pierce's Pleasant Pellets have no equal for constipation; in fact, I can heartily recommend any and all of Dr. Pierce's remedies. "My daughter had chronic constipation from babyhood and doctors could not cure her. Dr. Pierce's Pleasant Pellets is the only thing that ever helped her."—MRS. JENNIE K. SWOFFORD, 1320 Alfred St.
