the anti-vaccination measure that is upon the ballot for next Tuesday election. The more people who succumb to disease the more it costs the life insurance company, so in espousing the cause of vaccination the company knows that it means money in its pocket. It is saving the lives of the people and making it unnecessary to cash in on life insurance policies. There could be no stronger argument for the efficacy of vaccination than that, and that you and your family be given the protection that is due you, the anti-vaccination amendment should be voted down next Tuesday.

Had Enough of That Number.
A North Carolina man whose automobile license was numbered 13 sent it back to the secretary of state with a letter saying: "The first day I rode with it, I lost \$13, and the second day I lost 13 inches of skin off my leg. Please send me a safer number." He got it.

First Enthusiasm Gone.
Mariette was delighted when a small brother arrived at her home. However, after some weeks she began to think he was somewhat of a care, and one day when her mother told her to rock his cradle, she looked at him with disdain and remarked, "Oh, you little bothering thing!"

OREGON QUALITY

YOU don't have to use as much of Calumet as you do of most other Baking Powders. Because it has more than the ordinary leavening strength. You save about half on its use.

You don't have to pay a big price for Calumet. It's sold at a moderate price. It always has been. And that represents another saving.

You don't have to feel uncertain as to results. Bakings never fail —because Calumet never falls below the proven standard of "Best by Test."

Use only half the amount usually required

CALUMET BAKING POWDER

"BEST BY TEST"

It possesses the highest quality ever put into a Baking Powder. Contains only such ingredients as have been officially endorsed by United States Food Authorities.

For weeks, for months it keeps as fresh and full of strength as the day it left the Calumet Factories, the World's Largest, most Sanitary and Modern Baking Powder plants.

Every spoonful of every can is the same—pure and dependable. Try it.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.
