MICKIE SAYS**So Deceptive**

Many Grants Pass People Fail to Realize the Seriousness

Backache is so deceptive. It comes and goes—keeps you guessing. Learn the cause—then cure it. Possibly it's weak kidneys. That's why Doan's Kidney Pills are so effective. They're especially for weak or disordered kidneys. Ask your neighbor! Here's a Grants Pass case. Mrs. Veronique Bauer, 621 S. 4th St., says: "I am glad to say a good word for Doan's Kidney Pills for I know they will do what is claimed for them. My kidneys were out of order and I had dull backaches and became run down and languid. My kidneys didn't act right, either. I read of Doan's Kidney Pills and used them as directed. They were just what I needed and soon relieved all signs of the trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Bauer had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

WHEN BLANKET IS REMOVED

Russians May Be a Great People When the Bolshevik Cloud Has Been Dissipated.

Nobody can tell what a horse looks like until his blanket is taken off. Who knows! When this unspeakable bolshevik screen is removed maybe the Russians will emerge as a great race. Every people has done hard and queer things at times. "Girard" writes in the Philadelphia Press.

Oxford university is, perhaps, the intellectual center of the earth, and yet Oxford was so enlightened that it burned the books of John Milton, as blasphemous. It was Oxford, also, which declared during the Revolutionary war, "that Americans as a people have forfeited their lives and their fortunes in the justice of a state."

Now look at the other side. In that same war, the czar of Russia refused to sell 20,000 soldiers to King George to fight against George Washington.

And we, here in the United States constantly abuse the Turk, who kills an Armenian now and then, and forget how we killed the Indians for three centuries. On one occasion, the zealous Christians of New England, not far from Harvard, shut up 700 Pequots in a modern prison and, according to John Fiske, all but five were burned to death or murdered.

WHEN LIGHT DAWNED ON HIM

Young Man Understood Why the Maiden at First Shrank From His Warm Embrace.

After the glory of the setting sun it was dark. The man felt afraid as he stumbled on after his companion who, woman-like, went straight ahead, regardless of all obstacles.

Angry murmurs from the unseen people whose toes they trampled on followed them like the wash of a steamer. But she paid no heed; to him felt the duty of muttering apologies.

Just as despair was seizing him he saw her straight ahead. She had obtained a seat. And investigation showed that the one next to hers was empty. Into it he sank thankfully. The picture was one of love and bravery, with the usual fair heroine and handsome hero and beetle-browed villain. As they watched he slipped an arm around her slender waist and drew her to him.

She struggled for a moment, much to his surprise. Then she yielded, and he felt her nestle close to his manly chest.

Five minutes later the picture ended, and the lights went up. Then he understood—he was embracing the wrong girl.—London Answers.

Beautiful Oregon Waterfalls.

Waterfalls that rival in beauty the most splendid cataracts of the Pacific northwest have just been discovered on the western slope of the Cascades in Oregon. Although within 40 miles of Portland, a city of 200,000 people, no white man, so far as the records show, had ever seen them until recently.

The falls lie almost in the center of Bull Run forest reserve, set aside by the government to protect Bull Run river the source of Portland's water supply. The reserve is closed to all visitors except employees of the government, and of the city of Portland, who may go there on business, a precaution taken to protect the timber of the watershed against fires that might be started by careless campers.

The reserve, which includes 222 square miles of mountains and forest, was set aside by congress in 1892, and has been closely guarded ever since.

Seems Like Decree of Fate.

After being in a number of the worst battles fought during the World war, where he successfully dodged bullets and all other death-dealing missiles to the extent of saving his life, although hit 22 times in a way to cause grievous wounds, Richard J. Foran, thirty-two years old, was instantly killed by lightning a few days ago while standing under a tree a short distance from his home near Paterson, N. J. The bolt marked his forehead with a scar, as well as his right thigh and right leg from the knee to the ankle; tore off the rim of his hat, both shoes and his trousers from the hip.

Mark Memorial Trees.

Regardless of how thoughtfully the trees have been selected and how thoroughly the planting has been done, there remains intelligent care to have them live and thrive, says the American Forestry association of Washington, which will register your memorial trees on its national honor roll. Many planters have been disappointed with the results of their work because they considered their job completed when the last shovelful of soil was placed around the tree.

Neat Worker.

"Father, please let me marry Jim. He's so neat. Why, when he was in France he got two medals for cleaning out dugouts and mopping up."—The American Legion Weekly.
