WILDERVILLE

The Ladies Aid met with Mrs. Abel Wednesday of this week with a fairly good attendance.

Reverials are to begin Thursday night of this week at the M. E. church. An evangelist is to help out in the meetings.

Mr. and Mrs. Oliver Morrison, their son Lloyd, and Francis Lovelace were Sunday guests at the J. L. Daws home.

Alva Woodard and family were Sunday visitors at the E. Loughridge home.

Vivian Bouseman spent the week end at the Woodard home near New Hope.

The O. Morrison car and Pejerson car had a collision near the Grants Pass city limits Tuesday morning as Mr. Morrison and son, Lloyd, were driving to town early to unload a car of wood which they had shipped in the day previous. The Peterson car was coming at a high rate of speed and claimed they did not see the other car, but they met nevertheless, then he perhaps saw the car. Lloyd was cut by flying glass and required four stitches to close a wound above his eye, while both cars will take a rest while being repaired.

C. F. Lovelace had a fender crushed on his car last Monday as he drove to Grants Pass. A truck being ahead of him and going slow Mr. Lovelace thought it a signal to pass but instead the truck turned across the road and into a drive through the woods so Mr. Lovelace's care being just turned enough caught the jolt on the fender.

C. L. Johnson and wife with their grandson are here from California at present they are visiting their old friends W. O. Hill and family, but they have purchased the Stevenson ranch and are preparing to move to their new home immediately. Mrs. Stevenson and son, Robert, will occupy the up-stairs until they can make different arrangements.

Mrs. Marcine Bouseman was taken suddenly ill at midnight Saturday and for a time her life was despaired of. Dr. Loughridge made a record run out and pronounced it as liver colic. She got relief as soon as the Doctor arrived.

The Halloween social held at the parsonage was well attended. The house was decorated in keeping with the occasion. Games, stunts, comic songs given by Mrs. Sheehan, a recitation by Thelma Sheehan were enjoyed throughout the evening. Apple and pumpkin pie and coffee and cocoa were served.

Lloyd Morrison had the misfortune to chop his foot on the instep last week while splitting wood. As it is not serious he will soon be all right again.

J. L. Daws and wife and C. F. Blundell and wife were Sunday afternoon callers at the W. O. Hill home.

A. Rutenentter and wife, and Mr. Ridgeway and family were Sunday guests of Ralph Cook's.

Miss Taylor spent the week end at the Dorner home in Grants Pass, returning Sunday to Wilderville.

Harold Potts' truck caught fire in Grants Pass one day last week. He had delivered a load of wood and while the truck stood empty the gas tank exploded and caused the cab to be partially burned and did some other damage. The chemical fire engine put the fire out and the parts are repaired and the truck is hauling wood again.

Ralph Cook and wife expect to move to Grants Pass this week, having turned their lease over to a party by the name of Frank Wesson, who has already moved on to the ranch.

Mrs. Glen Goetcher and three children of Grants Pass, are visiting friends here this week. They are at M. Bouseman's at present.

A bad freight wreck occurred early Saturday morning, about two miles above Hugo. Seven cars were derailed and a good bit of track torn up. All trains were held up until 5 o'clock Saturday evening. An unknown man, who was riding in one end of one of the cars was quite badly injured. He was taken to Grants Pass to the county hospital.

Tomb of Napoleon III.
The body of Napoleon III lies in a tomb in the Church of St. Michael at Farnborough, England. This chapel was built by the ex-Empress Eugenie as a memorial to her husband. In the crypt also is placed the tomb of her son, the prince imperial, who was killed while fighting with the English army in Zululand. The church is a magnificent building of white stone, and stands on the brow of a hill. It is surmounted by a tower and pinnacled with dozens of smaller shafts. The empress used to visit the chapel daily. Ten priests were constantly employed by her to say masses for the dead.

Wonderful Natural Bridge.
The natural bridge is one of the chief natural curiosities of the United States. It is situated in Rockbridge county, Virginia, 115 miles west of Richmond. The bridge spans a deep chasm, through which a small stream flows. It is composed of a hard siliceous limestone in horizontal strata and is the remnant of the roof of a great cave which formerly covered the gorge. This remnant now remains in the form of an arch 215 feet high. The span of the arch is from forty-five to sixty feet and the thickness of its crown is about forty feet, while its average width is sixty feet. A public road passes across it.
