How Bad Backs Have Been Made Strong—Kidney Pills Corrected

All over Grants Pass you hear it. Doan's Kidney Pills are keeping up the good work. Grants Pass people are telling about it—telling of bad backs made sound again. You can believe the testimony of your own townpeople. They tell it for the benefit of you who are suffering. If your back aches, if you feel lame, sore and miserable, if the kidneys act too frequently, or passages are painful, scanty and off color, use Doan's Kidney Pills, the remedy that has helped so many of your friends and neighbors. Follow this Grants Pass citizen's advice and give Doan's a chance to do the same for you.

Will Young, carpenter, 212 2nd St., says: "I can recommend Doan's Kidney Pills from experience. My kidneys were out of order, my back ached at times and I could hardly do any stooping or lifting. My kidneys acted too frequently and irregularly. I read of Doan's Kidney Pills and used them, getting my supply at Sabin's Drug Store. Doan's soon rid me of the aches and pains and put my kidneys in good order."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Young had. Foster-Milburn Co., M'rs., Buffalo, N. Y.

# Sugar From Palm Sap.

In the East Indies a sugar known as jaggery is made from the sap of the coconut palm. The sap is obtained by cutting the flower spathe and the juice yields about 15 per cent of sugar. It is consumed locally and is very pure. Chemically, much of it is identical with cane and beet sugar.

# A Fair Average.

The man who accomplishes half the things he intends to do strikes a pretty fair average.—Philadelphia Record.

# Here's Help

MANY Bed-ridden sufferers from backache and rheumatic pains owe their condition to the fact that they neglected the first warning of kidney trouble. Prompt action at the first sign of disordered kidneys will prevent much suffering. Keep the blood stream pure by keeping the kidneys healthy and the poisonous waste matter that causes pain and misery will be eliminated from the system.

# Foley Kidney Pills

have brought relief to thousands of suffering men and women who were afflicted with backache, rheumatic pains, stiff or swollen joints, sore muscles, dizziness, pain under eyes, floating spots, biliousness, bladder weakness, loss of appetite or other symptoms of kidney trouble.

Mrs. Sam C. Small, Clayton, N. M., writes: "In January I was taken bad with my kidneys and bladder. I had been in bed two months, but kept going worse. Then I got so bad something had to be done. We noticed an advertisement in the C. O. News for Foley Kidney Pills and got for some. They have done me more good than all the medicine I have taken. I am better than I have been for years."

BILLY BUGLER.

"I have been told," said Billy Bugler, "that I might tell another story of some of the things I do."

"I think perhaps it might interest boys and girls to hear of how I go to the soda water fountain with my missy."

"She is very fond of soda water. She doesn't lap it up like I do, for she eats like a lady, and I eat like a dog, but she enjoys it, and she never wastes a scrap of it; no, never a scrap of it, or a drop of it, or a piece of it, or whatever you wish me to speak of it. What I mean is that she doesn't leave any behind!"

"Well, I go with her to the soda fountain, and I stand before it, and I hold my head on one side and then on the other, and I beg a little, too."

"Then my missy has a little saucer with vanilla ice cream upon it and some sauce- upon that which she gives to me. She calls it a sundae, but I don't mind what they call it, as long as I have it. That is the most important thing, as you can understand."

"You've all heard, I believe, that I am a Boston bull dog, with a white head and chest and white paws. The rest of me is brindle colored, I believe they say!"

"And you've heard of how I like the wind and the fresh air and the ocean and the ocean bathing."

"And I'd like to tell you, before I forget it, that when my missy goes out I sit up in a seat by the window, and there I watch for her to come back. Sometimes I take a little nap, but I go back to my seat again, and when she is coming down the street she sees me sitting there, and when I see her I jump down and go to the door, so as to be ready to meet her, and to tell her how glad I am to see her."

"Once in awhile I'm napping when she is coming back, and then she calls me, and how quickly I wake up, so I can greet her."

"I'd like to tell you something else. I believe there are different kinds of people. Some of them don't like dogs, and like to see them muzzled, even if they are in the country, where they don't get sick or wild, and couldn't do the harm they might do in the city."

"And some, when they have dogs, put on tight muzzles, so they can't yawn at all when they're sleepy and can't breathe with their mouths open and with tongues out, as dogs must breathe when it is hot."

"For dogs feel the heat, too."

"When I see such people I open my big eyes very wide with surprise, and I say to them as best I can:

"How can you help but like dogs?"

"My missy wanted me to tell you how much I like riding in automobiles. I snort with pleasure and I look at everything we pass by."

"Most dogs do enjoy automobile riding. But then we haven't lost our simple tastes because of it. We like bones, and chasing after sticks, and all such nice games."

"When my missy has been away for a whole day I run around in circles when I see her coming, and I have even been known to break my leash when some one was taking me to meet her and when I saw her first."

"I didn't mean to break my leash, but when I saw her I gave one great bound of joy and ran up to her."

"There is one thing, though, that I cannot understand, and that is about clothes."

"One time my missy invited me up in her lap, and then another time she will say:

"Not this time, Billy Bugler, for your missy has her best dress on, and your little feet might tear it without meaning to, or they might be a little soiled."

"I don't see the difference between best clothes and old clothes. I like hats, because hats mean a walk out-of-doors, as a rule."

"But as far as best clothes and old clothes are concerned, I cannot see any difference."

"They're all the same to me, and I love my missy's lap whether she has on her best skirt or her old one. I can't seem to change about that!"

# First Negroes in America.

The first appearance of the negro in the English colonies in America was in 1610, when a cargo of negro slaves were landed at Jamestown. In 1790, when the first census was taken, there were 737,208 negroes in the United States.

Grand in Variety for Foreigners.  
In a tour of the various foreign quarters of New York, one may find a variety of breads: Asiatic small-bread, the blood-bread of Scandinavia, the braised-in-oil bean bread of the Japanese, the tree-pith biscuits of the Mongols. Chain bread comes in links and is the product of the Balkans and South Russia.

New Process Hardens Wood.  
A new process of artificially aging and hardening wood, which is a new industry in Denmark, is said to give a quality of durability to timber heretofore regarded as worthless. Ash becomes like real teak and birch like mahogany.

There and Back.  
"An' now, ladies and gents," began the English showman, "there's this 'ere halligator. Note the length. Fifteen feet from the tip o' the nose to the tip o' the tail, and fifteen feet from the tip o' the tail to the tip o' the nose—thirty feet in all!"—Houston Post.

Stands for Reason.
