35 Per Cent Drop in Feed Prices

Six months ago we were retailing rolled barley 63 per cent higher; Millrun 57 per cent higher; Scratch Food 50 per cent higher; Flour 36 per cent higher, than the present retail prices. We have followed the market down more closely than we ever followed it up. That is our policy. To always give our customers the biggest value possible for the money. You can sometimes do better on one or two things somewhere else, but take all of our prices and they will average lower than any others.
