YOU don't have to use as much of Calumet as you do of most other Baking Powders. Because it has more than the ordinary leavening strength. You save about half on its use.

You don't have to pay a big price for Calumet. It's sold at a moderate price. It always has been. And that represents another saving.

You don't have to feel uncertain as to results. Bakings never fail—because Calumet never fails below the proven standard of "Best by Test."

Use only half the amount usually required

CALUMET BAKING POWDER

"BEST BY TEST"

It possesses the highest quality ever put into a Baking Powder. Contains only such ingredients as have been officially endorsed by United States Food Authorities.

For weeks, for months it keeps as fresh and full of strength as the day it left the Calumet Factories, the World's Largest, most Sanitary and Modern Baking Powder plants.

Every spoonful of every can is the same—pure and dependable. Try it.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Gold Cake Recipe
Yolks of 8 eggs, 1 1/4 cups of granulated sugar, 3/4 cup of water, 1/2 cup of butter, 2 1/2 cups pastry flour, 3 level teaspoons Calumet Baking Powder, 1 tablespoon of vanilla. Then mix in regular way.

All Electrical Materials that are on the market must be passed by the board of fire insurance underwriters. The question is proper installation. We do all our work ourselves and both of us have carried journeyman's wireman cards for several years. If we do your wiring you are sure of a first class job. Let us figure with you. We do not employ apprentices or helpers. Remember the new electrical ordinance to go into effect next reading—avoid trouble and let us do your work.
