SEATTLE WOMAN MAY BE WANTED IN TENNESSEE

MRS. STUBBS, WIFE OF HOTEL MAN, IS DETAINED BY THE OFFICIALS

THOUGHT TO BE MAUDE MOORE

Woman Was Wanted in Knoxville—Jumped \$10,000 Appeal Bond After 20 Year Sentence

Tacoma, Aug. 22.—(A. P.)—Mrs. William H. Stubbs, the wife of a local hotel proprietor, has been detained by the police, suspected of being Maude Moore, wanted in Knoxville, Tenn., for the murder of Leroy D. Harth, an automobile dealer, on September 8, 1919.

The girl is said to have jumped \$10,000 appeal bond after having been sentenced to 20 years.

Mrs. Stubbs denied that she is Maude Moore. She declares that she will be released when two men, en route from Knoxville, arrived to identify her.

FAKE LICENSE PLATE NABBED

Klamath Indian Fined \$100 When Repainted Auto License Found

Klamath Falls, Aug. 22.—(Special)—Keen eyesight on the part of Traffic Officer McLaughlin yesterday resulted in Daniel Weeks, Klamath Indian, being fined \$100 and costs in the justice court yesterday evening on the charge of altering an automobile license plate. The plate, originally red, had been painted green to conform with the 1921 color and the numeral "0" stamped out and an "1" made in its place in order to make it appear a 1921 license.

Weeks claimed that on July 10 he had paid "some white man" \$7.50 for the license plate. District Attorney Brower expressed the belief that the case had all the earmarks of being a flagrant violation of the state license laws and recommended a stiff fine.

McLaughlin's attention was attracted to the plate, he said, because of the white paint on one of the figures having run over on the green background. A closer examination disclosed the discrepancy.

ALBUQUERQUE SEEKS MATCHES

Boxing Expected to Take on New Life As Result of Recent Rubings

Albuquerque, N. M., Aug. 22.—(A. P.)—Boxing is expected to take on a new life here as the result of a recent city ordinance, reducing the license fee for bouts from \$100 to \$50 and providing strict regulations for keeping the sport clean.

Boxers less than 18 years of age cannot appear, the kidney blow is barred and physicians must examine the participants and give them a clean bill of health before the bout.

Under the old provisions, most of the bouts went to nearby towns where the cost was not so high.

SCOT HEADS ULSTER SCHOOLS

Development of Educational System Object of Keen Interest

Belfast, Ireland, Aug. 22.—(A. P.)—A Scotsman has been chosen as head of the educational department of the Ulster government which is probably one of the most thorny appointments at Sir James Craig's disposal, as the Catholic hierarchy is keenly watching the developments in this direction.

Two Irishmen, both highly qualified, will organize the new agriculture department.

Generally no time is being lost in naming the executive so that those interested in Irish reconstruction will be faced with a government already functioning.

BRUMFIELD JURY LIST IS CHOSEN

Thirty-one Names Drawn—Brumfield is Agitated When Asked by Reporter of Murder Events

Roseburg, Aug. 22.—(A. P.)—The sheriff today drew 31 names from which an attempt will be made to get jurors to try Brumfield, when the trial starts Monday next.

Brumfield became much agitated when interviewed in his cell today, declaring that he would not answer any questions regarding the Russell murder. He protested to the sheriff when the reporter asked him regarding the purchase of women's lingerie on the day of the murder.

AUSTRIAN LABOR UNIONS SAID TO BE GAINING AIMS

Vienna, Aug. 22.—(A. P.)—The labor unions of Austria have multiplied their membership since the war. The total of all the unions in the republic now amounts to 940,000 members, as against 253,137 in 1914. The number of women members is 223,000 as against only 26,709 before the war.

The labor leaders say capital will have to reckon with this reinforced army when demands for higher wages are preferred this autumn as a result of the wave of high prices now sweeping over the country in the train of the depreciating currency.

PROHIBITIONISTS WOULD MAKE MEXICO CITY DRY

Mexico City, Aug. 22.—(A. P.)—There is a well-defined movement here which is said to have some official backing to make the federal district which embraces Mexico City bone dry by September 1.

It is proposed to close all saloons and cantinas and to stop the sale of all intoxicants, including pulque, the principal native drink. During the administration of provisional President de la Huerta several prohibition measures were enforced but were eventually lifted after violent protests had been made by liquor vendors and their thirsty customers.

LABOR DELEGATE FAVORED, VIEW

Gompers Says Harding Is Favorable to Representation at Conference

Atlantic City, N. J., Aug. 22.—(A. P.)—President Harding looks with favor on labor's request for a representation at the disarmament conference to be held in Washington, Samuel Gompers said today at the opening meeting of the executive council of the American Federation of Labor.

MOTOR STOCK COMPANY FAILS

Trippe and Company Declared Insolvent by N. Y. Stock Exchange

New York, Aug. 22.—(A. P.)—The failure of Trippe and Company was announced on the New York stock exchange today. The firm has been active in motor and tire shares. Within the last year four stock exchange firms have failed. One was recently reinstated, having discharged its obligations.

Miss Jessie Nordorf, of Medford, spent Saturday in the city shopping.

MARINES START FOR COSTARICA ON BATTLESHIP

FOUR HUNDRED FIGHTERS TO STAND BY WHILE COUNTRY IS OCCUPIED

OFFICIALS EXPECT NO TROUBLE

Ownership of Contested Territory Is Cause of Trouble With Panama Now Considered Settled

WASHINGTON, AUG. 22.—(A. P.)—

While 400 marines sailed southward today on the battleship Pennsylvania to stand by when Costa Rica marches her forces into a bit of territory whose ownership Panama has contested, officials say that they do not expect trouble.

Secretary Hughes' note to Panama declared that the state department knows of no reason for Costa Rica further to delay the occupation of the territory.

SUPERINTENDENT IMEL RESIGNS

School Board Searching for Man to Fill Position at High School

The resignation of J. G. Imel as superintendent of the city schools of Grants Pass was accepted the latter part of the week by the school board and candidates for the position are now being considered. The cause of Mr. Imel's resignation is not known as he is now in California and sent his notice in by mail. The school board has started a search for a man who will be able to fill all the requirements necessary for the position. Mr. Imel has filled the office satisfactorily during the past three years and was to have entered upon his fourth year with the opening of the schools in September. He offered his resignation last year but was retained with an increase in salary.

The public schools will open this year on September 12 in the city. All of the grade positions have been filled, but several of the high school positions and some in the junior high are still in doubt. These vacancies will in all probability be filled soon, the high school positions depending to some extent upon the selection of a city superintendent. The school clerk is out of town at present and upon his return a list of the instructors will be published.

HAWAII IS COSMOPOLITAN

Newspapermen to Find Crossroads of Pacific Interesting

Honolulu, T. H., Aug. 22.—(A. P.)—Mainland newspaper men arriving in Honolulu for the first time to attend the World Press Congress sessions here in October will find it hard to believe at first that they are trodding United States territory.

For an idiomatic language, customs, many foods, traditions, vegetation and climate, this far-flung outpost of the United States differs from the mainland as night differs from day.

As benefits its position—"at the crossroads of the Pacific"—Honolulu probably is the most cosmopolitan community under the American flag. Here are Filipinos, Japanese, Chinese and natives of all other Pacific Ocean lands and islands in profusion. Bearded and turbaned Hindus stalk majestically the narrow streets and representatives of practically every other race and nation in the world are seen in town or along the exceptionally well built and maintained automobile boulevards that thread the island of Oahu, on which Honolulu is situated.

Negro Is Held—

A negro was arrested at Hugo Saturday night by the sheriff on complaint of the train crew. It seems that an attempt was made to put him off a freight train and he resisted, trying to "clean up" on the brakeman. His hearing will be held this afternoon.

WOMEN JUMP TO SAFETY FROM FLAMING HOTEL

CAUGHT IN ARMS OF RESCUERS WHO STAND IN STREETS OF MACON, GEORGIA

3 KNOWN TO HAVE BEEN KILLED

Firemen Believe Death List Will Be Increased When Ruins Are Searched—20 Injured

MACON, GA., AUG. 22.—(A. P.)—

Three persons are known to have lost their lives in a fire which destroyed the Brown House, a frame hotel, early today, and firemen have expressed the belief that the death list would be materially increased when the ruins are searched.

Twenty guests were injured. Many jumped. Men on the sidewalks saved many women by catching them in their arms as the women jumped from the upper windows of the flaming structure.

CRUDE OIL EXPORT FROM TAMPICO REPORTED HUGE

Tampico, Mexico, Aug. 22.—(A. P.)—Petroleum exportations from this port totalled during the month of July approximately 5,500,000 barrels, or one-fourth the amount shipped during the month of June, according to information given out by oil companies here.

It was stated that August exportations will show a decrease over those of July, despite the fact that drilling is almost as active as early in the year. This is attributed to the low price of oil in the world's markets coupled with a recently imposed Mexican tax on petroleum exports.

CAR LEAVES SMITH HILL GRADE

Leaves Roadway When Driver Is Blinded by Glaring Headlights

Mr. Alderson of the Espey & Alderson garage at Wolf Creek was in the city Saturday afternoon and reported that a Studebaker Special six went over the grade on Smith hill Friday night the driver being blinded by the headlights of an approaching car, the occupants of which did not stop to investigate. There were three men in the Studebaker, Jas. McComber, Will Anderson and Roy Gearhart. The car rolled over and went down 60 or 70 feet pinning Will Alderson beneath it and severely cutting and bruising him about the head and body, but not seriously injuring him, although he was unconscious for several hours after the accident. The car was badly wrecked.

Senator and Mrs. Charles Hall passed through here en route to their home in Klamath Falls this afternoon. They have been at Marshfield, Senator Hall doing work for the state chamber of commerce.

CLAIMS COLLEGE RACE SUICIDE

Figures Said to Show That Progeny of University Graduates Dwindle

Boston, Aug. 22.—(A. P.)—Is race suicide increasing among college graduates? Maurice Rieker of the United States public health service says that it is.

Addressing the recent convention of the National Educational Association in Des Moines, Ia., Mr. Rieker was quoted as follows: "Investigation by the federal public health service over a period of years indicates that the progeny of one thousand graduates from such institutions as Harvard, Yale, Princeton, Vassar and Smith will not exceed fifty in 100 years from now." He proceeded to compare the results of a similar canvass among illiterate foreigners and said it indicated that in a like period the original thousand would be multiplied at least a hundred times.

PENDLETON MAN DIES IN QUARREL

Louis Ragains Shot and Killed After Wrangle When Reprimanded by Jesse Brunn

Pendleton, Aug. 22.—(A. P.)—A quarrel resulting when Jesse Brunn reprimanded Louis Ragains for leaving open a pasture gate, was the cause of the shooting of Ragains at the Wright cabin in the mountains Sunday, according to evidence gathered by officers.

Brunn claims that Ragains was coming toward him and had threatened to shoot him, when Brunn fired the shot which killed Ragains.

WAIKIKI BEACH LIFESAVERS MUST ATTEND TO BUSINESS

Honolulu, T. H., Aug. 22.—(A. P.)—Lifesavers at Waikiki beach should save the lives of persons in danger of drowning and should not spend their time teaching feminine swimmers how to ride the surf boards, the board of harbor commissioners ruled here recently when they appointed three new life savers.

"Life saving at the beach means being in attendance at the beach at regular hours with a watchful eye on the bathers there," said Board Chairman Lyman Bigelow at the meeting. "I fail to see how lives can be saved at the beach by driving tourists through the beauty spots of Oahu island nearly every day as has been done. Surfboard lessons are fine for our fair tourists but I doubt if the legislature intended that they should be given on government time and then charged for in addition. These life guards should take their work seriously."

INVITATION ACCEPTED BY BRITAIN

Formal Acceptance of Harding Bid Is Received From Britain

Washington, Aug. 22.—(A. P.)—Great Britain's formal acceptance of the invitation to participate in the Washington conference on limitation of armaments and the Far Eastern questions, has been received by Secretary Hughes.

CHILD LABOR LAW SAID VOID

Federal Law Held Unconstitutional By N. C. Judge, Once Upheld

Greensboro, N. C., Aug. 22.—(A. P.)—Federal Judge Boyd held the new federal child labor law was unconstitutional.

Judge Boyd two years ago also held unconstitutional the Owen Keating child labor law and the supreme court of the United States upheld that ruling.

WAR FINANCE AMENDMENTS PASS

Bill Makes Billion Dollars Available for Federal Corporation

Washington, Aug. 22.—(A. P.)—Several amendments to the senate bill making a billion dollars available through the war finance corporation for stimulating agricultural production, passed the house today.

CALIFORNIA TO ENTERTAIN INSURANCE CONVENTION

Los Angeles, Aug. 22.—(A. P.)—For the first time in the history of the association, California will entertain at the 26th annual convention of insurance agents here on September 13 to 17. Ten thousand delegates are expected to attend.

Among the speakers who have agreed to appear are John B. Morton, president of the National Board of Fire Underwriters and Platt Whitman, insurance commissioner of Wisconsin. Dinners, informal dances, sight seeing rides, the usual trip "to see them make movies," a barbecue, and visits to the beaches are included in the entertainment program.

Frank Bramwell spent the day in the city attending to business matters. He expects to go north tonight and will meet State Engineer Copper here.

SENATE ORDERS INVESTIGATION GRAIN DEALERS

OTHER SIMILAR ORGANIZATIONS TO BE SUBJECTS OF SENATE PROBE

SAY LEGISLATION COMBATED

Grain Dealers in Convention Said to Have Decided on Campaign Against Cooperative Assn.

WASHINGTON, AUG. 22.—(A. P.)—

An investigation of the activities of the National Grain Dealers Association and other organizations alleged to be "engaged in combatting legislation for the relief of agriculture" has been ordered in a resolution adopted today by the senate.

Senator Kenyon said that the inquiry has been sought because of the report that at a convention in Cincinnati in June, under the auspices of the National Grain Dealers Association, it was determined to institute an active campaign against the United States Grain Growers, Inc., a cooperative marketing concern.

KLAMATH DETOUR IS CUT OUT

Highway at Algoma Completed Linking With Ft. Klamath Road

Sunday morning witnessed the opening of the newly completed highway to Algoma, says the Klamath Record, its completion being announced last night by E. B. Bishop, division engineer of the state highway commission.

The former detour by the old Ft. Klamath road will no longer be necessary, beginning tomorrow, and because of its rough condition this will be good news to the general public.

The nine-mile section of the highway to Algoma just finished has been graded and macadamized by Oskar Huber and the work has been under way for the past two years. It is a link in the Dalles-Klamath highway, extending the length of the state from north to south and is an important part of the route to Crater Lake.

The newly completed section is one of the most picturesque drives in this part of the state and, following the east shore of the Upper lake, is said to compare favorably in scenery with the Columbia river highway.

HUNTER KILLED NEAR EUGENE

Otis Pitney of Junction City Dies From Bullet of Second Hunter

Eugene, Ore., Aug. 22.—(A. P.)—Otis Pitney of Junction City was shot and instantly killed Sunday by H. M. McKee of Alvadore while hunting deer in the Coast mountains nine miles from Noti and about 30 miles west of Eugene. McKee said he mistook Pitney for a deer.

Pitney and McKee were in separate hunting parties that had started out Sunday morning. McKee said he saw what he thought was a deer moving in the brush a hundred yards away and fired. He said he was horrified to find Pitney, with whom he was acquainted, lying dead with a bullet hole in his neck.

BRITISH BANKER TO AID MEET

League Credits Organizer to Speak at American Bankers Association

London, Aug. 22.—(A. P.)—Sir Drummond Fraser, organizer of the Ter-Meulen bonds scheme for international credits which was adopted by the league of nations, has accepted an invitation from the American Banking Association to address the organization's convention at Los Angeles in October. Sir Drummond was appointed organizer of the Ter-Meulen scheme in March.
