Four Boats Make Drift—
Four boats made the drift over the fishing water between here and Hell Gate last night, bringing back 400 pounds of salmon. The price is still holding up, the fish bringing 10 cents.

Fire Department Out—
The fire department was called out at about 10 o'clock this morning to put out a blaze at the residence of Dr. R. W. Stearns. An asphalt pot which was being used to melt asphalt for use on the roof of the residence caught fire and the flames shot so high that it was thought best to get the department out. The flames were soon subdued without doing any damage.

The Picture Mill—
Will reopen for business Monday, August 29th. Hours for sittings, 10 a. m. to 4 p. m. Other hours and Sundays by appointment. Studio phone 283-R; residence, 140-J. 66

Will Provide Conveyance—
If it is impossible for some of the poultrymen who wish to see the culling demonstration at the River Banks Farms Thursday morning, to some means will be found of taking them says County Agent Miller, who is desirous that the demonstration be well attended. It will be a practical lesson in culling as the men will be allowed to do it themselves under the direction of Professor Crosby.

Attendance Is Secured—
Dr. R. J. Bestul, superintendent of the livestock division of the coming Josephine county fair, announces that he has secured a competent man to care for stock during the absence of the owner. It is possible that some owners may hesitate about exhibiting their stock because they cannot be present at all times, and for this reason the attendant is secured. Dr. Bestul reports great interest throughout the county in the coming fair and he has assurances of a big showing of blooded stock.

For Piano Instruction—
See N. E. Townsend, 621 A St. Phone 528-R. 63

Forest Fire Nipped—
Prompt action by fire fighters put a sudden end to a forest fire on Dutcher creek yesterday afternoon. The fire was reported at 12:30 to Fire Warden Hoxie who put a force of men out at once. The blaze was out by 3 and had burned over but a few acres. The Howard creek fire has been put under control and it is thought that it will not offer any more trouble. A small force is being maintained to fight it and to keep a patrol.

Fordson TRACTOR

Henry Ford Was Right When He Said:

'The Tractor will enable the farmer to work fewer hours in the day, giving him more time to enjoy life. I believe the tractor will make farming what it ought to be—the most pleasant, the most healthful, the most profitable business on earth.'

This tractor has done much—very much—in bringing true Mr. Ford's prophecy; for in it is a machine which has harnessed one of the most dependable, efficient, adaptable, economical sources of power in the world—a machine that saves from thirty to fifty per cent of the farmer's time—a machine which many farmers claim plows, harrows or drills as much ground in the same time as four, six or even eight horses. And more—a machine that takes care of every power job on the farm.

Call and let's talk it over, or telephone or drop us a card and we will bring the facts to you.
