Library Closed Labor Day—The Public Library will not be open on Labor Day.

Minstrel Jazz dance—After the show Saturday night at Waldorf hall. Admission 10c, dancing, 75c, including war tax. 72

Holland Mill Burns—The Ralph Kitterman mill at Holland was burned down yesterday afternoon at about 3 o'clock. The mill was a small one being used for planing lumber.

Spot Dances—Saturday night, Riverside Community Club. Refreshments. 72

Cupid Got Busy—August was a busy month for cupid, who proved too strong for 14 couples who took out licenses to wed. A year ago there were but seven issued in the same month. So far this year there have been 54 couples provided with the paper which starts them on the road leading to the minister's door.

Comb and Extracted Honey—New, at Pardee's grocery. 76

Leaves for New Home—Rev. Henry G. Hanson, who recently resigned as pastor of Bethany Presbyterian church, after serving for the past two years, left Friday afternoon by automobile for his new home at Moro, Sherman county, where he will engage in religious work. While serving Bethany church he made many friends.

Business Training Pays—One term with us and one year at a good salary in a business office makes the best two-year course. Winter term begins September 15. Medford Business College, Medford, Oregon. 79

Pump Will Be Closed Down—Water will be run through the south canal Sunday and Monday to allow for the last irrigation of the season as the pipe is to be taken up and placed across the suspension bridge. This pipe will supply the water from the main canal to the northwest unit. The bridge was built to provide space for two pipes should the one be found inadequate to carry enough water to supply the northwest unit.

Another Good Time—Saturday night at the Riverside Community Club. Refreshments and a few spot dances. 72

Stock Arriving—Mr. Colby called today and says the first shipment of Buster Brown shoe store goods have arrived and will be on the shelves ready for sale on Tuesday. Other shipments will arrive shortly and a complete line will be carried. Parents who have school children to outfit will be interested in the Buster Brown shoe for children as the lasts have been very carefully made for child's feet and the continued use of the shoes for a growing child insures freedom from foot troubles later. 72

New Honey—In comb and extracted honey. J. Pardee. 76

Profits by Conscience Fund—Louis Carson on Friday received a check from Boise, Ida., for \$35 for nursery trees which had been ordered from his father the late A. H. Carson, who prior to 1895 was in the nursery stock business. The letter, which was not signed reads: "On second thought I have come to the conclusion that I did not pay you for the trees I got from you, and take pleasure in handing you herewith my check for the sum of \$35 in payment thereof."

Six Piece Jazz Orchestra—Saturday night after minstrel show. Waldorf Hall. 72

Had Slight Sprinkle—Weather prophets of the city cocked one eye skyward yesterday morning and predicted rain within a day or two. It looked for a while as if their predictions might bear fruit but after a few drops, not even enough to settle the dust, the clouds broke away and the valley today appears absolutely free from any threat of rain. As a general rule there is a rain during the first week of hop picking. The rain was general along the coast, reaching as far inland as Agness and Onion mountain, gladdening the hearts of the forestry officials.

Thinking of lights, the evenings are getting longer—look at your old lights, maybe you are not getting as much light as you should. New lamps will make the room bright and cheerful. That water heater will heat cold water. Flash lights make a key hole look as big as your hand. An electric range makes cooking a pleasure. If any of your electric appliances need repairing bring them in.

Packing Is Started—The Winter Banana apple crop is now being harvested, packing having started yesterday by the Oregon Growers. Most of the apples are coming from the Lathrop Brothers ranch and from Wolf Creek. It is expected that there will be three cars of this variety of fall apples, these being the first to ripen. The Grants Pass district is the major producer of the Winter Banana, having

more than all the rest of the valley. They are being sent to Chicago. Late pears will start coming in about the middle of next week, with an estimated crop of about six cars. The late pears are of better quality this year than the Bartlett's not having been hit so hard by the frost. Late varieties of fall apples, the Newtons and Spitzenburgs, will begin ripening about the middle of September.

At Baptist Sunday School—A special invitation is extended to all strangers, newcomers and those not attending elsewhere. 72

NOTICE

On account of Monday, September 6th, being a legal holiday, the meeting of the Pacific Mora Pump Sales Company stockholders will be postponed to Monday, September 12th at 8 p. m. 72

Many Will Go to the Lake—

Crater Lake will be the most popular resort over the week end for Grants Pass people, according to the number who have signified their intention of going there tonight and tomorrow. From all indications there will be close to 75 people there from Grants Pass. Many others will make the trip to the Caves and others will spend the two days hunting.

Food Is Stolen—

The refrigerator at the home of Mrs. Frank Bramwell was cleaned out last night or early this morning by a thief. Mrs. Bramwell had a large amount of food in the refrigerator, including some beefsteaks, a pound of bacon, a dozen eggs, a pound of butter, a quart of milk, some lemons and other groceries. No clues were left.

Death of Former Resident—

Word was received here today of the death this week of Mrs. C. L. Barlow at her home in Monroe, Wash., where the family have lived since leaving Josephine county. The Barlows were residents of Galice, where Mr. Barlow conducted a general merchandise business for many years, and also served as county commissioner for a number of years. Death resulted from tuberculosis.

Hobo Plague Worse—

The hobo plague is becoming worse as the winter draws closer. Today there was the largest number of transients in the city that had been seen here for years, says Ed. Garrett. Mayor Baker of Portland has been keeping them moving out of Portland and they drift into the smaller cities cleaning them out as they go. They will not work and sympathy wasted on them is lost. The Shattuck company needs laborers on the new dam and others have tried to get the hoboes to work, but they refuse. They ask every person on the street who looks as if he might have some money for enough to get something to eat. The best way to get rid of them is to refuse to give them money unless they work.
